(i) Report on Vaccination in Mysore for 1896-97.
(ii) Report on the Vaccine Institute, Bangalore, for 1896-97.

No. 29—Mis. 2, DATED 1ST JULY 1898.

REVIEW THEREON.—The total number of persons vaccinated during the year under review was 100,930 against 106,626 in the previous year, shewing a decrease of 5,696 cases. The greatest decrease, *viz.*, 2,293 cases, was in the number vaccinated by medical subordinates. The falling off in the work of Municipal vaccinators which shows a decrease of 2,100 cases, was due to the services of the temporary extra vaccinators employed by the Bangalore and Mysore Municipalities having been dispensed with.

2. The number of cases of primary vaccination was 99,125 of which 87,615 or 88·38 per cent were successful. The number of re-vaccinated cases was 1,805 of which 1,093 or 60·83 per cent were successful. The average number of persons vaccinated by each of the taluk and Municipal vaccinators during the year was 929·41 against 952·45 in the previous year. The Deputy Inspectors of Vaccination inspected 223,009 individuals, of whom 41·03 per cent were found to bear successful marks of vaccination, 23·64 per cent were unprotected and 32·33 per cent had small-pox marks.

3. The total cost of the Vaccination Department, excluding that of the vaccine institute, was Rs. 20,910-3-6 against Rs. 19,604-8-8 being an increase of Rs. 1,305-10-10. The average cost of each successful case was Re. 0-3-10·47 against Re. 0-3-5·23 in the previous year.

4. The average number of cases vaccinated during the year by each of the Municipal vaccinators was only 650, although their field of work lay in thickly populated towns, while the taluk vaccinators working in the villages dealt with 955 cases on an average. This shows that the work turned out by the various municipalities was very poor. Government desire to call the attention of the Presidents of Municipalities to the fact, and hope that better results will be shown in future years.

5. The mortality from small-pox was unusually heavy, the number of deaths, 6,676, as compared with 2,853 in the previous year, being nearly 9 per cent of the total number of deaths from all causes.

6. *The Vaccine Institute.*—This institute which was started as a temporary measure in 1892 having worked satisfactorily and gained increased popularity, was made permanent in July 1896. Of the 851 calves purchased during the year, 808 were operated upon, 712 for paste and 86 for cultivation of vaccine, against 653 and 60 respectively in the year previous. Of the 712 inoculations for paste, 158 failed and the remaining 554 yielded paste enough for 259,616 cases. Of this a quantity enough for 91,138 cases was supplied to stations outside the Mysore State. It is satisfactory to note that the annual quantity of lanoline vaccine supplied to outside stations has risen from a quantity sufficient for 12,002 cases in 1892-93 to a quantity sufficient for 93,138 cases in 1896-97. The percentage of success in cases of primary vaccination with lanoline paste within the State was 93·08 against 94·20 in the previous year, while that outside the State was 88·66 against 93·18 in 1895-96.

7. The total cost of maintaining the vaccine institute amounted to Rs. 9,583-3-1 against Rs. 8,827-4-8 in 1895-96, while the realizations amounted to Rs. 16,132-15-6, leaving a profit of Rs. 6,549-12-5 to the State against Rs. 5,456-6-2 in the previous year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

No. 77-113—Mis. F. 21-96, dated Bangalore, 2nd July 1898.

Order.—The Government observe that the hearty co-operation of all Departments of the State is essential to the successful carrying out of Plague Prevention Measures, and they are glad to learn that this is already realized by the Heads of most of the Departments. But it is well distinctly to lay down that the Government expect that all possible assistance will be rendered to the Plague Commissioner in any operations which may be in progress. In particular, the services of such clerks as can without undue inconvenience be spared, should be freely placed at the Plague Commissioner's disposal for plague supervision work, the regular duties of such clerks being, if necessary, lightened to allow of their attending office somewhat later than the appointed time.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—All Heads of Departments,
The Deputy Commissioners of Districts.
The Plague Commissioner in Mysore.

No. 182—Mis. F. 21-96, dated Bangalore, 4th July 1898.

Order.—In connection with the issue of notifications prohibiting arrivals from infected areas in India during the progress of fairs and festivals in Mysore, the Government have noticed several instances in which communications from Deputy Commissioners of Districts have been received (through the Plague Commissioner) too late to allow of measures being taken to secure wide publicity for the prohibition outside the State. It is presumed that each Deputy Commissioner takes pains to ascertain beforehand the dates of fairs and festivals occurring in his district; if so, the reason for delays of the kind under advertence is unaccountable. In future, every endeavour should be made to submit communications on the subject so as to reach the Government at least one month before the commencement of the fair or festival in question.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore, (with copy of letter No. 3171, dated 29th June 1898, from the First Assistant to the Resident,) for the issue of necessary instructions to the Deputy Commissioners of Districts.

No. 150-53—Mis. 98, dated Bangalore, 8th July 1898.

Order.—Government are pleased to direct that an Assistant Commissioner with charge of the Revenue and Magisterial work of one or more taluks be stationed at Closepet of the Bangalore District instead of the Sub-Division Office now located thereat. The Deputy Commissioner, Bangalore District, will make arrangements accordingly and report the same for the information of Government.

2. Mr. N. Venkata Rao, Assistant Commissioner, Mysore District, will be transferred to the Bangalore District and will be stationed at Closepet with a local allowance of Rs. 50 a month. The Deputy Commissioner, Mysore District, will arrange to have Mr. Venkata Rao relieved and sent to Closepet forthwith. In the meantime, the Deputy Commissioner, Bangalore District, will arrange for Mr. D. Devaraj Urs' immediate relief in view to his proceeding at once to Hassan and assuming charge of that district from Mr. B. G. Krishnaiengar, whose retirement has been ordered.

3. A Sub-Division (Revenue) will be constituted at Saklespur of the Hassan District, comprising the taluks of Manjarabad and Belur. Mr. P. F. Bowring will be in temporary charge of it until the return of Mr. Wetherall from leave.

4. The Assistant Commissioner located at Closepet will have the usual Assistant Commissioner's office establishment, while the Sub-Division Officer at Saklespur will have the same establishment as that allowed to the Sagar Sub-Division. The details of the establishments as now sanctioned, and the postings of the existing men, are shown in the Memo annexed.

Letter No. 1012—288, dated 19th September 1897, from the Deputy Commissioner, Kolar District, forwarding copies of correspondence between himself and the Special Magistrate, Kolar Gold Fields, regarding gratuitous relief required for immigrants, who visit the Kolar Gold Fields and stating that while native immigrants are generally helped by coolies or villagers, the vagrants do not generally succeed in securing relief from the European residents, and requesting, under such circumstances, that an advance of Rs. 50 be sanctioned for the purpose.

No. 678-9—MIS. 147, DATED BANGALORE, 13TH JULY 1898.

Letter No. 1280, dated 22nd June 1898, from the Deputy Commissioner, Hassan district.

No. 841-45—G. F. 38-97, DATED BANGALORE, 15TH JULY 1898.

ORDER THEREON.—In the letter above read, the Deputy Commissioner brings to notice that the right of collecting tolls at the toll-gate at the Marnahalli-ghat in the Manjarabad taluk for the year 1898-99 was sold by public auction on the 23rd and 25th May last, when the highest bid was only Rs. 1,500 against Rs. 2,900 and 2,300, the realizations of 1896-97 and 1897-98, respectively.

The reason assigned for this heavy fall is the failure of the coffee crop last year and the consequent decrease in traffic. The aforesaid bid being unduly low, and the present coffee crop being reported to be in a fair condition with every likelihood of there being an increase of traffic on the ghat during the current year, the Deputy Commissioner proposes the collection of the tolls departmentally during the year 1898-99, and solicits permission to entertain, tentatively for one year from 1st July 1898, the marginally noted establishment, &c., at a total cost of Rs. 37 per mensem.

As the amount of the present bid compares unfavorably with that of the last year as well as the average of the past five years, Government are pleased to sanction the Deputy Commissioner's recommendation, as a temporary measure, for the current official year.

The file of papers ending with Manjarabad Assistant Commissioner's No. 481, dated 8th ultimo, received with the letter read above, is herewith returned.

Proceedings of the Government of Mysore

READ—

The following letter No. 546—20, dated 17th July 1898, from the Inspector General of Education in Mysore :—

"I have the honor to inform you that at my visit to Shimoga last month I spoke to the Headmasters of the Shimoga College and the Shimoga Normal School as well as to the leading inhabitants of Shimoga to take steps to open a Students' Home. I am glad to say that a meeting of the principal officers and inhabitants was called on the 6th instant, and a sum of Rs. 253 was promised as donations towards a reserve fund for the Students' Home. An influential committee has been formed and a house secured for the Students' Home. The Home will be managed on the lines of Homes in Mysore City. It is proposed to open the Home from the 1st August 1898. Under these circumstances I request that Government may be kind enough to sanction a grant of Rs. 52 a month from the 1st August 1898 to meet the following cost of establishment of servants and house rent :—

	Rs.
House rent	20
Cook	12
Waterman	10
Scavenger	4
Peon	6
Total ...	52

Should there be any savings from the grant under the above heads, they will be refunded into the Treasury. The want of a Students' Home has long been felt in Shimoga. The Home will be a great help to the students of the Shimoga College and the Normal School. I beg to enclose a D. O. letter from the Headmaster of the Shimoga College, giving details of the steps taken to establish the Home, for perusal and kind return."

(THE ENCLOSURE TO THE ABOVE LETTER.)

D. O. dated 9th July 1898, from the Headmaster, Shimoga.

"I have the honor to state that acting up to your suggestion, I took the usual initiatory measure for the establishment of a Students' Home in this town, by calling a meeting to find out what support we would get from the residents here, in the formation of a Reserve Fund. I am glad to say that we realized Rs. 253 by way of donations from the gentlemen to whom the notice went. I next called a meeting of the masters and the Doctor, when the usual Resolutions were moved and passed. The next step was the securing of a suitable building; this too we have done, the house adjoins the College and will afford accommodation for twenty students. The terms on which the building has been given to us are—i. The owner is to get a minimum of Rs. 15 for the start, with the addition of a rupee for every inmate, till a maximum of Rs. 20 is reached. If the number of inmates goes beyond twenty, he has to make suitable additions for their accommodation, and the rental will have to be refixed: ii. He will make the building, as it is, perfectly fit for a home by (*a*) reflooring the present dining room, making it smooth and nice, adding 3 additional windows for increased light and ventilation, whitewashing its walls, opening a passage into the kitchen adjoining, (*b*) constructing a bath room on the other side of the kitchen to be in keeping with the dining room, slabbing one half of it, the other half being reserved as a store for firewood, (*c*) erecting a movable latrine of zinc on a frame work of wood, (*d*) altering one of the small rooms in the building in such a way as to make it a store room; (*e*) matting the flooring of all the rooms with common matting, (*f*) affixing bars to all the windows, (*g*) whitewashing all the walls: iii. He will sink a well in the compound, when the hot weather begins, the best time for the work.

I have now the honor to request sanction i. to the arrangement indicated above, if you approve of the terms, ii. of a grant for rent, servants, utensils and furniture, &c.

As the building selected is at present occupied by the Doctor, and it is intended that the Home shall be opened, if possible, from the 1st proximo, I have the honor further to request that this sanction may be accorded, if it is to be accorded, as early as possible, for the present tenant will have to receive at least a fortnight's notice to enable him to get another dwelling house.

The probable cost of the establishment will come to Rs. 42 to Rs. 52, *viz.* :—

	Rs.	Rs.
Rent	15	20
Cook	10	12
Waterman	8	10
Scavenger	3	4
Peon	6	

The wages of cook and waterman are what are generally given here by the gentlemen of the station.

Forwarding copies of the Notice and the Resolutions for your perusal."

(ENCLOSURES TO THE ABOVE.)

(1) *Notice.*

"For the past three years or more, the urgency of a Students' Home has been pressing itself with increasing persistence on many of the gentlemen of the station. As the extension of education indicated by the rapid expansion of classes is becoming very great now, this urgency needs to

be met, and so I have great pleasure in inviting the gentlemen of the station and others interested in this matter to a meeting in the College Hall at 5-30 P. M. on Monday, the 11th instant, with a view of enlisting their practical sympathy and monetary support. The Government will meet all the incidental expenditure in connection with the Home so far as rent, servants, utensils and furniture are concerned, only on the condition that the gentlemen that start the Home will guarantee a minimum of Rs. 200 as a Reserve Fund for contingencies uncalculated on, and there can be no question that the gentlemen who have this institution at heart will liberally and cheerfully come forward to raise, not this minimum itself but something much above it."

Proceedings of the Government of Mysore

Read —

Memo No. 4521—502, dated 14th June 1898, from the Inspector General of Police in Mysore, forwarding letter No. 497, dated 6th June 1898, from the Deputy Commissioner, Kadur district, submitting a report on the working of the 'Coffee Stealing Prevention Act' for the season ending 31st March 1898.

I have the honor to submit the following review on the working of the "Coffee Stealing Prevention Act" for the season ending 31st March 1898.

2. During the season under review, there was a perceptible decrease in the number of cases reported under the "Coffee Stealing Prevention Act."

3. Only five cases were reported against 12 in the previous season, and the subjoined statement shows their results as compared with those of the previous season :—

Taluk.	Section of the Coffee Stealing Prevention Act.	Cases.						Persons.				Fines.
		Reported.	Convicted.	Acquitted or discharged.	Struck off on 'A' form.	Pending.		Prosecuted.	Convicted.	Acquitted or discharged.	Pending.

Ditto 1897 ...	...	12	9	3	...	...	...	13	10	3	...	65

4. The decrease in the number of cases may in some measure be incidental to the depression of the coffee industry caused by adverse seasons, and may partly be attributable to the usual precautionary measures adopted.

5. The watching of toddy and arrack shops, guarding of market places, the ghat passes and the shops at the jatras, and keeping a vigilant eye on receivers of stolen coffee, were satisfactorily carried out to ensure the above results.

6. The provisions of the Coffee Stealing Prevention Act, as regards the inspection of Account Books kept by dealers in coffee, were regularly enforced in the coffee tracts and except in two cases in the Chikmagalur taluk no prosecution for breach of the provisions was rendered necessary.

7. The following comparative table exhibits the number and disposals of cases registered under the Indian Penal Code during the period under review :—

Taluks.	Section of the Indian Penal Code.	Cases.										Persons.				Fines.	Remarks.

8. It will be observed from the above that 32 cases against 28 in the previous season and 29 in 1896 were reported to the Police, showing a slight increase. Of these, as many as 11 cases were found on investigation to be either false or unfounded; eleven cases involving 16 persons against 13 with 19 persons in the previous season, ended in conviction; two ended in acquittal; one was struck off on A report, the accused having died before trial; two were pending on A forms, two were reported on C forms, and three were pending investigation with the Police.

9. The slight decrease in the percentage of convictions may be explained by the fact that at the close of the season five cases (two with Magistracy on A form and three with the Police) remained undisposed of, and one true case in which the accused died of cholera before being put on his trial, was struck off on A form.

10. There was only one requisition from Mr. Digby Templeton Brett (since deceased) for the services of six constables for duty on the Bandara, Belgode and the Hottankodgi Estates, and this was readily complied with. The opening of the new coffee outposts in coffee belts in taluks has reduced the number of applications since last year for the services of special constables.

11. In one instance in the Koppa taluk, two Lambani women who were selling 21 lbs. of coffee stolen from the Hottankodgi Estate, were caught red-handed. The receiver as well as the thieves in this case received exemplary punishment and the marginally noted Police Officers and constable were rewarded by the North Mysore Planters' Association in a sum of (Rs. 40) rupees forty.

Inspector Mr. Everard	Rs. 20
Jamadar Srinivasa Rao	Rs. 10
and Constable No. 70 Jacob Prabhu	Rs. 10

12. A reward of Rs. 2 was also awarded to a dafadar of the Chikmagalur town for detecting a case in which the accused, a dealer in coffee, had not maintained regular accounts of his transactions.

13. The indiscriminate offer of rewards, which was discouraged by my predecessor as stimulating false detections and oppression, is doubtless to be deprecated; but on the other hand, a judicious and well supervised system of rewards has been found from experience both in Wynaad and Coorg, in the British Police and in the Salt and Abkari Departments to greatly encourage all preventive and Police officers in the proper performance of their duties. In this instance too, we have to reckon with the usual frailty of human nature, and the easily purloined and easily disposed of nature of the property with which the Coffee Act has to do. It is hardly to be expected that a constable on Rs. 7 or 8 a month will be able to withstand a bribe of 10 or 20 or more rupees from a receiver or dealer for simply keeping his mouth shut, when he is told that if he reports an offender he has merely done his duty and cannot be rewarded in any way.

Coffee is an expensive and easily disposed of article, and it is well worth dealers' and receivers' while to bribe the Police; and it is to discourage this and to offer an inducement to the poorly paid subordinates of the Police Department to withstand such temptations, that Government and the Planters' Associations offer rewards for detections under the Act.

I shall during the coming coffee season give the matter my earnest attention and hope to see a marked improvement in the working of the Act by the Police of this district.

No. 45-6—J. 2, DATED BANGALORE, 2ND JULY 1898.

ORDER THEREON.—Recorded.

2. Adverting to paras 11 and 12 of the Deputy Commissioner's report, the Government desire to be informed whether the rewards to the Police officers herein mentioned were paid with the concurrence of the District Magistrate and of the Inspector General of Police. It is no doubt desirable, at times, to reward Police officers for special services in the detection of crime; but when such rewards are offered subsequent to the detection of an offence, by private individuals or associations, the Government are of opinion that not a pie should be paid without the order of the District Magistrate or concurrence of the Inspector General of Police and, in the case of large rewards, without the sanction of Government. Such a restriction would be a sufficient safeguard against the indiscriminate offer of rewards which was properly discouraged by Mr. Weir. The Government will be glad to be favored with the views of the Deputy Commissioner and the Inspector General of Police on this point.

Letter No. 4723—516, dated 26th June 1898, from the Inspector General of Police in Mysore, forwarding the subjoined report of the Deputy Commissioner, Hassan district, on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1898.

Letter No. 565, dated 20th June 1898, from the Deputy Commissioner, Hassan, to the Inspector General of Police in Mysore—

I have the honor to submit a review on the working of the Coffee Stealing Prevention Act in this district, for the season ending 31st March 1898.

During the year under review, 8 cases were reported against 7 in the previous year. Of these 7 cases occurred in the Maniarabad taluk and one in the Alur subtaluk

The subjoined statement compares the results of the year under review, with those of the previous year:—

Cases.						Persons.						Amount of fines.		
Reported.		Convicted.		Acquitted.		Prosecuted.		Convicted.		Acquitted.				
1896-97.	1897-98.	1896-97.	1897-98.	1896-97.	1897-98.	1896-97.	1897-98.	1896-97.	1897-98.	1896-97.	1897-98.	1896-97.	1897-98.	
7	8	6	7	1	...	10	10	6	8	4	...	100	25	Pending 1—2.

It will be seen from the statement that out of the registered number of cases during the year, 7 or 87·5 per cent ended in conviction against 85·7 in the previous year. The remaining one case was pending before the Magistrate. Ten persons were prosecuted against the same number in the previous year, of whom 8 were convicted, against 6, and 2 were pending trial before the Magistrate. The percentage of conviction during the year was 80 against 60 in the year before.

The amount of fines imposed was Rs. 25 against 100 in 1896-97.

From the above result, it may be said that the patrolling staff of the malnad outposts have worked satisfactorily.

No. 746—J. 73, DATED BANGALORE, 14TH JULY 1898.

ORDER THEREON.—Recorded. It is satisfactory to note that the results of the year under review, as regards convictions, indicate an improvement when compared with the figures of the previous year.

Letter No. 86—2, dated 5th July 1898, from the Inspector General of Police in Mysore—

With reference to Government Proceedings No. 318-9—J. F. 53-92, dated 7th July 1896, extending the period by two years for passing through the Police Training School all Inspectors and Jamadars, who are fit to receive instruction, and directing that necessary provision should be made in the Budgets of 1896-97 and 1897-98 to the extent of the amount remaining unexpended out of the original sanction, I have the honor to state that the period expired on the 30th June 1898. The present class was started in January 1898. One Chief Constable and three Jamadars attend this class, besides Dafadars and Constables and recruits. It will take at least three months more to complete the course of this class.

2. As the period for which the grant of allowance to the substitutes employed in place to Inspectors and Jamadars attending the Police School, sanctioned by Government, expired on the 30th June 1898, I beg that you will be so good as to move the Government to authorize the Comptroller to pass the pay of the Chief Constable and Jamadars attending the school for 3 months, *i. e.*, till the end of September next, as well as the allowance to the substitutes at Rs. 20 each (being the pay of the 2nd grade Jamadar) employed in their place. This proposal does not entail additional cost to Government, as only a sum of Rs. 935 has been spent for the past 2 years out of the balance of Rs. 6,587-12-6, which remained unexpended on the date of the Proceedings above quoted.

3. I shall make a further report about the class at the end of this period.

No. 855-56—J. 88, DATED BANGALORE, 15TH JULY 1898.

ORDER THEREON.—The period of training in the Police Training School will under the circumstances represented, be further extended by three months, and the report promised by the Inspector General in para 3 of the foregoing letter awaited.

No. 858-66—J. 90, DATED BANGALORE, 15TH JULY 1898.

ORDER.—Instances have come under the notice of Government in which police officers deputed to procure the arrest in British Territory of persons concerned in the commission of offences in Mysore, prior to their being surrendered on an extradition warrant, appear not to have taken sufficient care to ensure that the arrest made shall be solely the act of the British Police themselves. It need hardly be pointed out that for a Mysore Police officer to take upon himself to arrest any person in British India is an improper and illegal proceeding. The Government trust that the Inspector General of Police will see that every policeman in the State realizes this clearly, as well as the fact that any instance of excess of authority on his part will be visited with severe punishment.

Report on the working of the Mysore Companies Regulation III of 1895 for the 12 month ending 31st March 1898, received with letter No. 173, dated the 21st June 1898, from the Registrar of Joint Stock Companies in Mysore.

No. 914—J. 97, DATED BANGALORE, 16TH JULY 1898.

ORDER THEREON.—On the 1st April 1897, there were 94 Companies working with nominal and paid up capitals of Rs. 45,42,605 and Rs. 24,12,461, respectively, besides 22 Agricultural Banks. During the year under review two Banking Companies with nominal and paid up capitals of Rs. 52,000 and Rs. 26,897, were newly opened, besides 32 Agricultural Banks; while 13 of the existing Companies were either wound up, or went into liquidation by order of the Court, or ceased to work. Also four Companies effected an addition to their original capital. The result was that, on the 31st March 1898, there were 83 Companies working with a nominal capital of Rs. 43,10,000 and a paid up capital of Rs. 23,26,748, besides 54 Agricultural Banks or Associations with no paid up capital. The total number of members of the Agricultural Banks increased from 523 to 2,103.

2. Though the number of documents registered and filed during the year increased from 312 to 474, the receipts from fees, &c., diminished slightly, that is, from Rs. 764 to Rs. 749-4-0, in consequence of the low rate of fees specially sanctioned for the registration of documents relating to Agricultural Banks.

3. Four prosecutions are reported to have been instituted during the year against defaulting Companies, and to have resulted in their being heavily fined.

It is in the opinion of the Government of India desirable that the Military authorities should have early and accurate information of any criminal proceedings taken in Native States against enrolled and attested followers of Her Majesty's Army.

2. I am accordingly to request that arrangements may be made to secure prompt information being supplied through this office to the Military authorities whenever an enrolled follower is arrested under the order of any Court of the Mysore State, and that a further report should follow in the event of such arrest resulting in conviction.

Letter No. 3558, dated 19th July 1898, from the First Assistant to the Resident in Mysore to the Dewan of Mysore--

When persons in the Mysore State, licensed to deal in arms and ammunition, desire to import arms and ammunition from British India, they are, as you are aware, required, when submitting their applications to this office, to attach certificates of non-objection signed by the Magistrate of the District to which import is desired.

Colonel Robertson will be much obliged if the Durbar will issue instructions to the District Magistrates to include in such certificates particulars on the following points, *viz*:—

(*a*) the stock of arms and ammunition remaining in the would-be importer's shop at the time of his application,

(*b*) the dates on which during the current and previous year, and the officials by whom the applicant's shop was inspected,

(c) to whom the applicant ordinarily sells arms and ammunition.

As regards (*a*) *supra* there is reason to believe that the amount of ammunition mentioned in the applications for licenses is, looking to the stock in hand at the time, frequently excessive, and the Resident will be obliged if the stock in hand be, as a rule, tested by a Superintendent or Assistant Superintendent of Police prior to the application being passed on to this office.

2. Further, there is, it is believed, considerable trade in arms and ammunition between the Civil and Military Station on the one hand and the City of Bangalore and the Mysore State generally on the other.

Such trade is, it is understood, governed by licenses, and the Resident will be glad to know what amount of arms and ammunition were imported into—

(i) Bangalore City, and

(ii) other parts of Mysore during the calendar years 1895, 1896 and 1987.

Petition registered No. 2611, dated the 22nd April 1898, from B. Gungiah, retired Sub-Reistrar of Bangalore, praying that a sum Rs. 7 deducted from his pension in order to recoup the amount of penalty which he had failed to levy on a document registered by him as Sub-Registrar, may be refunded to him.

Letter No. 20, dated the 12th July 1898, from the Inspector General of Registration in Mysore, reporting that several other instances of failure on the part of Gungiah to recover fees and penalties from the parties concerned have been discovered and that the District Registrar's action in having recovered the deficiency from the petitioner was quite in accordance with the rules, but recommending that a moiety of the amount so recovered, *viz*., Rs. 34-12-0 may be remitted, unless the Government are pleased to direct the remission of the whole amount.

No. 1524-25—J. 147, DATED BANGALORE, 28TH JULY 1898.

ORDER THEREON.—Government observe that the summary recovery from Gungiah of the amounts of penalty and fees in question would, if he had still remained in service, have been permissible under the Chief Commissioner's Notification No. 131, dated the 12th August 1878, quoted by the Inspector General of Registration; and that with proper supervision on the part of the District Registrar and the Inspector General, Gungiah's error of judgment could well have been detected while he was still in service. But after his retirement, the recovery of the amount from his pension, seems to be a little too hard on the pensioner. The Government are accordingly pleased to remit the whole amount recovered from his pension.

Petition dated 8th September 1897, from Hassan Krishnappa, late Registration gumasta of the Channarayapatna Sub-Registry office, appealing against the order of dismissal from service passed in him by the Inspector General of Registration, and complaining of his subsequent removal from the place of Koti mutsaddi.

2. Letter No. 1015, dated 20th June 1898, from the Inspector General of Registration in Mysore reporting the circumstances under which the above petitioner was dismissed from service.

No. 1527—J. 149, DATED BANGALORE, 28TH JULY 1898.

ORDER THEREON.—The petitioner will be informed that Government decline to interfere in the matter of his complaint.

2. Government observe that if, as stated in para 7 of the Inspector General's report, petitioner Krishnappa was not a salaried official of Government, but was paid by the Sub-Registrar out of his own commission, the latter could apparently have himself dispensed with the services of his gumasta at any time. But the proceedings of the Senior Assistant Commissioner and the Deputy Commissioner, Hassan district, show that Krishnappa was regarded as a public servant borne on the fixed establishment of Government. The Inspector General is requested to make himself clear upon this point and to submit, if necessary, Rules for the approval of Government, defining clearly the position, duties and responsibilities of such gumastas so as to avoid doubts and difficulties in future.

3. The Sub-Registrar, under whom the petitioner was serving; has apparently neglected to see that the gumasta did the work properly, and he was also to blame for allowing the index, &c., to fall into arrears. The Inspector General is requested to report who the Sub-Registrar was at that time, where he is now, what notice has been taken of his conduct, when and by whom this Sub-Registry office was last inspected prior to Krishnappa's dismissal and the complaint against him; also whether the missing document was found, who transferred the petitioner Krishnappa from Arsikere to Channarayapatna, and what the practice is with regard to the appointment of gumastas who are paid out of the Sub-Registrars' commission.

4. The entire proceedings connected with the missing document should also be submitted for the perusal of Government.

Letter No. 107—15, dated the 6th July 1898, from the Inspector General of Police in Mysore to the Secretary to the Government of Mysore.

In forwarding herewith copies of the marginally noted correspondence from the Deputy Commissioners, Mysore and Shimoga, requesting sanction to the payment of house rent at one rupee to each constable attending the District Head-quarter Police School from the taluks, I have the honor to state that the men find great difficulty in securing accommodation and that their pay is far from sufficient to enable them to feed themselves and provide for the maintenance of their families during their attendance at the school. The sanction of the house rent will be a great boon and act as an incentive to the men resorting to the school. The same concession will require to be shown to constables attending at the other district schools. It will be sufficient if provision is made at the rate of two men for each taluk or sub-taluk and for a period of about three months for every term. A policeman will be made to forfeit his claim to house rent if he fails to pass the examination within the first term.

No. 516, dated 3rd June 1898.
,, 759, dated 7th June 1898.

2. I would in this connection submit that it would be an advantage to award prizes to the men who pass with credit and request sanction to the allotment of a small amount, say, Rs. 20 (for the 4 terms in each year) for each school, for the distribution of prizes to such of the men undergoing training as do exceptionally well in the examination.

3. The above proposals involve an approximate cost of Rs. 1992, per annum as per details noted in the margin for which the Comptroller may be authorized to make provision under the head "District Schools, Miscellaneous".

78 Taluks and sub-taluks at Rs. 2 each per mensem Rs. 156 or 1872 per annum.
6 Schools at Rs. 20 for each 120.

No. 1589-90—J. 154, DATED BANGALORE, 29TH JULY 1898.

ORDER THEREON.—The Inspector General of Police recommends that a house rent allowance of one rupee per mensem may be granted to each constable attending the District Head-quarter Police Schools and that provision be made at the rate of 2 men for each taluk or sub-taluk for a period of 3 months for every term. This involves a cost of Rs. 1872* per annum.

*78 Taluks and sub-taluks at Rs. 2 each per mensem 156 per mensem or 1872 per annum.

2. It is also proposed to set apart a sum of Rs. 20 for each District Police School for distribution of prizes, the cost involved being Rs. 120* per annum.

*6 Schools at Rs. 20 = Rs. 120.

3. These proposals are sanctioned. The Comptroller is requested to make provision for the same under the head "District School, Miscellaneous" in the Police Budget of the current and succeeding years.

(1) Letter No. 3660—411, dated the 14th April 1898, from the Inspector General of Police in Mysore.

With reference to your docket No. 1080—1196, dated 5th ultimo, forwarding two copies of the Proceedings of the Government of India No. 5, Police 524-34, dated 25th September 1896 sanctioning the adoption of a revised set of statements to be appended to the Police Administration Report, I have the honor to state that I deputed two of the officials of my office to proceed to Madras and study the annual statistical forms newly introduced there. They have, after studying the returns in the office of the Inspector General of Police, Madras, brought with them a complete set of the forms and all the information necessary for their compilation.

2 The statistical forms now in use in this Province, are those introduced by the Government of India in 1884. These were found incomplete and after collecting the views of all the Inspectors General of the British Provinces, the Government of India in their Proceedings No. 5, Police—524-34, dated 25th September 1896, revised the forms and directed that they should be adopted for the year 1897.

3 In the forms of 1884, there were two returns for crime, one for cognizable and the other for non-cognizable offences In the return for cognizable cases were shown all cases whether taken up by the Magistrates direct or by the Police. Further information regarding persons and property was embodied in their respective returns for cases. In the revised returns, there are separate returns for cases, persons and property. Next, there is provision made for cases taken up by the Police and those taken up by the Magistrates direct being shown in separate statements. It will be seen that in the place of the statement A Parts I and II, of 1884, there are according to the revised statistical forms, statements A Parts I to IV, B Parts I and II and C. This division of the returns minimizes confusion and gives a good idea of Police work on a perusal of the statements themselves. Some fresh columns are added in these statements which is an improvement.

4 The introduction of the revised returns into this Province is necessary as otherwise, no proper comparison of the results of the working of the Police can be made between Mysore and the British Provinces.

5 For the compilation of the returns recommended for adoption, it will be seen from the foot-note of the Government of India returns themselves that information for statements A Parts I and II, B Parts I and II and for a portion of C, has to be supplied by the Magistrates to the Police. The exact form in which the information will have to be furnished by them, is given in the accompanying Madras forms, headed B I and B II. Besides, to enter figures correctly in some of the columns of A Part III, it is necessary that the Magistrates should send to the Police information in form entitled "Magistrates Proceedings" (marked C) regarding every case disposed of by them in which the Police had submitted an A sheet.

6 As there are only three months more for the official year to close, I beg the favor of very early orders being passed so that I may get the new forms printed and introduced from the 1st July 1898.

7 A copy of the Resolution of the Government of India together with statements appended to it and statements A and B (Magistrates' cases) and statement A (Police cases) are herewith forwarded for perusal. The last two statements are the forms in use in the Madras Presidency for furnishing information to the office of the Inspector General of Police annually.

8 I have also to request that to save time and further reference Government may be pleased to issue instructions to Magistrates for supplying information as detailed in para 5 of this letter.

(2) Correspondence ending with the following letter No. 397—11, dated the 16th July 1898, from the Registrar of the Chief Court of Mysore.

With reference to your letter No. 14329—J. 1486, dated the 3rd May 1898, requesting the views of the Judges as to the adoption by the Magistrates in this Province of the forms recently introduced by the Government of India, I am directed to state that, as it is desirable for the purposes of comparison that the forms in use here should, as far as possible, be like those used by the Government of India, and as no objection is seen to the adoption of the forms in question, the Judges agree with the Inspector General of Police in recommending their adoption.

2 The forms received with your letter under reply are herewith returned.

No. 1591-92—J. 153, DATED BANGALORE, 29TH JULY 1898.

ORDER THEREON.—The introduction, with effect from the beginning of the current official year, of the revised forms of statements A to G to be appended to the Annual Police Administration Report, is sanctioned.

2. The statements to be furnished by the several District Police officers to the Inspector General of Police, may be prescribed by the latter officer himself.

3. The Chief Court will be requested to issue the necessary instructions to Magistrates for the supply of the information referred to in para 5 of the Inspector General's letter, in forms B I, B II and C.

Correspondence ending with letter No. 3814, dated 7th June 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, stating, with reference to para 3 of Government Proceedings No. 14155-64—L. F. 99-96, dated 29th April last, that the proposal to transfer books from passed pupils to new entries is objectionable, and that the cost of books should in the first instance be debited to the Medical Budget and subsequently adjusted by credit to the Medical Department and debit to District Funds.

No. 537-46—L. F. 99-96, DATED BANGALORE, 11TH JULY 1898.

The Senior Surgeon will be good enough to submit in December of every year an estimate of the cost of medical books required for the students undergoing training in the ensuing official year. This office will then apportion such cost among the several Local Fund Boards and make due provision for the same in the annual District Fund Budgets, which provision may be utilized by the Senior Surgeon without further reference to Government.

Grand Total ...	65,615	62,759	61,630

2. The fluctuations under Receipts and Expenditure do not call for remark.

3. Of the budget grants sanctioned for works to be executed by the Public Works Department, about 15·7 per cent was left unutilized by that department. The proportion of lapses for the Revenue Department was 37·3 per cent. This high percentage is attributed partly to the late receipt from the taluks of bills for works actually carried out and partly to no progress having been made in the case of others.

4. Out of grants aggregating Rs. 23,406 sanctioned from Local Funds General, a sum of Rs. 9,629 was expended on well works and the improvement of rural sanitation.

5. A relieving midwife was added during the year to the nine already attached to the district and the number of labor cases attended by them was 667 or in excess of the number for the previous year by 220 cases.

The number of persons vaccinated was 7,493 or slightly in excess of the same standard.

By far the largest portion of the annual mortality is, as usual, due to fever. Out of 4,746 deaths in all, so many as 2,397 were from this one cause, 812 were due to small-pox and 22 to cholera. The corresponding figures for 1895-96 were 5,017 (total deaths), 2,561 (from fever), 521 (from small-pox) and 201 (from cholera). The number of births decreased from 9,689 to 7,041.

2. *I. Octroi.*—The estimates under some of the sub-heads do not appear to have been correctly entered. The error is chiefly due to the probable collections of the 2nd half of the year 1897-98 having been arrived at by deducting the actuals of the first six months of the year 1897-98 from the sanctioned estimate for the year instead of from the actuals of the year 1896-97 in accordance with the instructions contained in para 11 of the Official Memorandum No. 6861-70—157, dated 8th December 1889. The necessary corrections will be made and the estimates modified as noted below :—

3. *II. House Tax.*—An increase of Rs. 3,000 was expected under this head during 1897-98 as the result of the revision of house tax sanctioned in Government Proceedings No. 8924-7—L. F 161-92, dated 6th February 1897, and the estimate was accordingly raised to Rs. 18,000. Although the contemplated revision resulted in no increase, as reported by the President in a separate reference, the last year's estimate is simply repeated in the present budget without any explanation. As the average collections of the three years commencing from 1895-96 do not exceed Rs. 13,874 as noted in the margin, the estimate will be reduced to Rs. 14,000.

4. *III. License Receipts.*—The increase provided for under "(*a*) Liquor shop" is expected from prompt collections under the new arrangement. The estimate is approved.

5. *Tax on Carriages and Animals.*—The estimates under these heads, for which details showing the number of carriages and animals and the rates of tax chargeable on each are furnished, are passed, though they are in excess of the average collections of three years.

6. *VII. Mohatarfa*: (*a*) *Shop Tax.*—The estimate under this head for 1897-98 was fixed at Rs. 8,000 as the President expected an increase of Rs. 1,000 from the revision of shop tax, but he now proposes to reduce it to Rs. 6,000 with reference to the actuals of the past official year. As actuals of 1896-97 were only Rs. 5,541 and the average collections of three years Rs. 5,041, there appears to be no sufficient reason for anticipating larger collections than Rs. 5,500, unless the contemplated revision should result in an increase of revenue. It should therefore be explained whether the tax was revised and, if so, what increase resulted therefrom. Pending information, the proposed estimate will remain undisturbed.

7. *VII.* (*b*) *Loom Tax.*—The omission of any estimate under this head is due to the tax having been abolished under orders contained in Government Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897.

8. *VII.* (*d*) *Cart Tax*—The increased estimate for 1897-98 was allowed, as under Government Proceedings No. 24541-50—R. F. 245-92, dated 25th June 1895, agricultural carts were proposed to be brought under taxation. For the current year the estimate has been further raised by Rs. 50 without any reason being assigned therefor. As the actuals of previous years do not justify the increase, the estimate for 1898-99 will be reduced to the figure sanctioned for 1897-98.

9. *VIII. Rents*: (*a*) *Houses.*—The President proposed to raise the estimate for 1898-99 under this head from Rs. 1,000 sanctioned for 1897-98 to Rs. 1,500. No explanation has been furnished for this increase, nor is it justified by the actuals of 1896-97 or the average collections of three years. The estimate will be reduced to Rs. 1,000.

10. *X. Miscellaneous*: (*a*) *Sale of Houses and Lands.*—The increase proposed under this head is expected from the sale of materials of the several houses proposed to be purchased in the town. The estimate is approved.

11. *X. Miscellaneous*: (*b*) *Loans.*—It is not clear what portion of the loan sanctioned for opening out the congested parts of the town in Government Pro-

ceedings No. 12970-2—L. F. 204-93, dated 11th April 1898, will be drawn and utilized. The President is requested to submit a report on this point.

12. *X. Miscellaneous* : (*m*) *Contributions.*—The details for the diminished estimate (Rs. 7,250) entered under this head have not been furnished, nor is it clear whether it includes the annual grant of Rs. 5,000 sanctioned in Government Proceedings No. 1850-4—L. F. 204-93, dated 5th August 1896, for the maintenance of roads, &c. This should be explained. Pending information, the estimate will stand.

13. *Opening Balance.*—The estimated closing balance for 1897-98 amounting to Rs. 19,900 will be entered as the opening balance for 1898-99.

EXPENDITURE.

14. *II. Head Office.*—The provision made in the present budget for the annual increment of Rs. 5 to the Manager of the Vice-President's office, sanctioned in Government Proceedings No. 12186-7—L. F. 319-96, dated 10th May 1897, accounts for the increase under this head.

15. *III. Collections*: (*a*) *Octroi.*—In the budget for 1898-99, provision has been made for the increased rate of salary of the daroga and for the revised scale of Octroi servants sanctioned in Government Proceedings No. 4140-1—L. F. 319-96, dated 7th October 1897. This accounts for the increase in the estimate which is sanctioned.

16. *IV. Conservancy.*—The increase of Rs. 240 entered under this head is stated to be due to the increase of the salary of the Sanitary Inspector already sanctioned by Government. As, however, under Government Proceedings No. 10410-2—L. F. 226-96, dated 26th February 1898, the Sanitary Inspector is entitled to a salary of Rs. 70 from 1st July 1898, and of Rs. 75 from 1st January 1899, the correct provision to be made in the budget on account of his salary and allowance is Rs. 1,050 and not Rs. 1,020 as entered in the budget. The provision under this head will therefore be raised from Rs. 27,342 to Rs. 27,372.

17. *VIII. Public Works*: (*a*) *Supervision.*—In the budget for 1897-98 provision was made for only eight months' salary of the store-keeper sanctioned in Government Proceedings No 4140-1—L. F. 319-96, dated 7th October 1897, while in the present budget 12 months' salary is provided for. This accounts for the increase in the estimate which is passed.

18. *VIII. Public Works* (*b*) *to* (*o*) *Works.*—The provision made for Public Works to be executed during 1898-99 is allowed.

19. *IX. Charitable Grants.*—The marginally noted increases and decreases account for the net decrease in the provision under this head, which is sanctioned.

F. 202-93, dated 5th February 1898, have been omitted in the present budget and the municipality proposes to utilize the

savings thus effected in giving grants-in-aid to pial schools. The lump sum provision made will be retained subject to details being furnished in regard to the list of such schools and the amount to be paid to each. It is noted that no provision has been made in the budget for the pay of the temporary Inspector, recently sanctioned for a period of three months as the cost was ordered to be met from savings.

21. *XI. Miscellaneous.*—In the present budget the marginally noted increases are provided for under this head to meet the full cost of increases to the establishments sanctioned in Government Proceedings No. 4140-1—L. F. 319-96, dated 7th October 1897, whereas in the budget for 1897-98, provision had been made for a portion only of the year. The estimate is allowed.

2. *I. Octroi.*—During 1897-98, the Municipal Board expected a large addition to the Octroi revenue from an improved system of working the Octroi Department consequent on the appointment of a separate Octroi Manager and the estimated revenue which was only Rs. 29,884 in 1896-97 was raised to Rs. 33,200. The President now proposes to raise the estimate for the ensuing year by a further sum of Rs. 50. As however, the actual collections of the past two years and the

probable collection in 1897-98 do not justify the expectation, the estimate under this head will be reduced to Rs 27,362, as noted below :—

No.	Items.	Actuals of 1895-96	Actuals of 1896-97	Probable collection of 1897-98.	Total collections of three years.	Average per year.	Estimate for 1898-99. Proposed.	Estimate for 1898-99. Sanctioned.

	Total ...	26,814	27,569	27,290	81,683	27,227	33,250	27,362

3. *VIII. Rents.*—The estimate of Rs. 9,000 entered under "(*a*) Markets, shops, &c.," also appears excessive and will be reduced to Rs. 7,600 which is the average of the collections of the three years commencing from 1895-96.

		Rs.
1. Actuals of 1895-96	...	7,204
2. Do 1896-97	...	7,605
3. Probable collections of 1897-98		7,804
Total	...	22,713
Average per year	...	7,571 or 7,600

4. X. *Miscellaneous.*—The decrease under "(*a*) Contributions" is due to the current year's estimate having included two years' contribution payable by the Civil and Military Station Municipality towards the cost of the Bangalore Maternity, while the present budget provides for only one year's contribution. The estimate is approved.

5. *Opening Balance.*—The provision of Rs. 36,893 entered under this head will be reduced to Rs. 17,255, which is the correct closing balance of the municipality for 1897-98 as recently revised.

EXPENDITURE

6. *II. Head Office.*—The new items of Rs 250 entered in the present budget on account of clothing charges, &c., and of Rs. 350 on account of the cost of stationery articles, &c., account for the increase under this head. The latter item is passed while the former will be retained subject to the submission of a separate report explaining the necessity for the same.

7. *III. Collection.*—The recent abolition of the post of Octroi Manager on Rs. 60 + 15 per mensem accounts for the decrease in the provision under this head, which is sanctioned with the observation that the designation "Excise Officer" will be changed to "Octroi Inspector" as directed in Government Proceedings No. 12533-4—L. F. 276-96, dated 1st April 1898.

8. *IV. Conservancy.*—The present budget provides for the salaries of two probationary Conservancy Overseers on Rs. 15 each per mensem, sanctioned in Government Proceedings No. 11917-8—L. F. 276-96, dated 22nd March 1893. Hence the increase in the estimate which is approved.

9. *VI. Registration of Births and Deaths.*—The provision made under this head is in accordance with the revised scale of establishment sanctioned in Government Proceedings No. 12091-2—L. F. 309-96, dated 26th March 1898, and is allowed.

10. *VII. Lighting.*—Instead of one Lighting Inspector on Rs. 10 per mensem provided for in the budget for 1897-98, provision has been made for the salaries of two Lighting Inspectors, on Rs. 15 each per mensem in the budget for the current year in accordance with Government Proceedings No. 669-71—L. F. 197-92, dated 14th July 1897. The provision is passed.

11. *VIII. Public Works: (a) Supervision.*—An increase of Rs. 360 is provided under this head to meet the marginally noted charges sanctioned in Proceedings quoted against each. The provision is approved.

1. Salary of Public Works Overseer on 80+15 Rs. instead of 70+15 sanctioned in Government Proceedings No. 669-71—L. F. 197-92, dated 14th July 1897	120
2. Horse allowance of four Public Works Sub-Overseers from Rs. 10 to 15 per mensem, sanctioned in Govt. Proceedings No. 3550-1—L.F. 276-96, dated 17th September 1897.	240
Total ...	360

12. *VIII. Public Works: (b) to (o) Works.*—The proposed estimate under this head includes (1) the price of a steam road roller, the purchase of which has already been sanctioned by Government; and (2) the cost of improving the market and constructing firewood stalls from which additional revenue is expected in the current year. In view, however, to avoid a debit balance at the end of the year, the provisions made under the heads "(*h*) Buildings, original," "(*n*) Tools and Plant," and "(*o*) Reserve," will be reduced to Rs. 4,500, Rs. 6,000 and Rs. 500 respectively. If the actual balance on 1st July 1898 be in excess of the prescribed minimum of Rs. 20,000, the President may propose such supplemental grants as may be deemed necessary.

13. *IX. Charitable Grants.*—The increases provided under this head are noted in the margin.

Items.	Estimate for 1897-98.	1898-99.	Increase.
1. Chattram Hospital ...	2,591	2,711	120
2. Maternity	5,046	5,166	120
3. Tirupathi Pilgrim Chattram.	750	1,000	250
4. Other charitable grants ..	950	1,000	50
Total ...	9,337	9,877	540

Item 1. is due to the pay of the Sub-Assistant Surgeon in charge of the Chattram Hospital having been raised from Rs. 90 to Rs. 100 per mensem under Government Proceedings No. 3868-9—Mis. 736, dated 23rd September 1897. Item 2 is on account of the salary of a female compounder on Rs. 10 per mensem, sanctioned in Government Proceedings No. 3665-6—L. F. 276-96, dated 20th September 1897.

The necessity for the remaining items has been explained in the memo accompanying the budget. The provision is allowed.

14. *X. Education.*—The marginally noted provisions which are entered in the present budget under sanctions conveyed in Proceedings specified against each, as also the provision Rs. 350 for furniture, &c., of the Chamarajendrapet School account for the increase in the provision under this head, which is sanctioned.

1. Increase of grant-in-aid to Catholic Mission Vernacular School from Rs. 4 to 15 per mensem, sanctioned in Government Proceedings No. 4203-4—276, dated 8th October 1897.	Rs. 132
2. Converting Anglo-Vernacular School, Chamarajendrapet from Grant-in-aid School with yearly grant of Rs. 480 into Municipal School costing Rs. 696, sanctioned in Government Proceedings No. 4881-4—E. 129, dated 3rd November 1897 ...	216
Total ...	348

15. *XI. Miscellaneous*: (*a*) *Repayment of Loans.*—No estimate has been entered under this head, as the question of making provision for the repayment of the loan of Rs. 50,000 granted to the municipality in Government Proceedings No. 11301-3—L. E. 89-97, dated 14th March 1898, has been reserved for future consideration.

16. *XI. Miscellaneous.*—The increases of Rs. 175 and Rs. 100 proposed under "Pension charges" and "Fairs and festivals" respectively are approved.

17. *Jubilee Fund.*—The omission of the usual provision of Rs. 3,624, both under this head and on the side of expenditure, is stated to be due to the amount having been withdrawn from the Savings' Bank and credited in the account. With reference to this it is observed that the fund which had been ordered to be held in deposit was kept out of account till 1894-95, when in accordance with the Board's Resolution, it was put into the Savings Bank and shown in the Municipal accounts under a separate head "Deposits."

The President is requested to state whether this amount was not made over to the municipality for a special purpose and, if so, under what authority or circumstances the same was credited to the general revenues of the municipality. The amount of accumulated interest on this investment of Rs. 3,624, realized and credited on the date of withdrawal of the deposit, should also be reported. Pending information the omission will not be supplied.

18. *Payments for Municipal Services rendered to Individuals.*—In the present budget a new item of Rs. 400 is entered under this head on account of payments for municipal service rendered to individuals against a revenue of Rs. 700 shown on the side of receipt. The nature of services rendered by the municipality and the necessity for this new provision on the side of expenditure and the details for the same should be furnished. Pending information the provision will stand.

19. The other items of receipt and expenditure call for no remarks and are passed.

20. The estimated receipts and expenditure of the Bangalore City Municipality for 1898-99, are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—

2. *I. Octroi.*—The increases and decreases in the estimates under this head are justified by the actuals of 1896-97 and probable collection of 1897-98. The estimates are passed.

3. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these are stated to be in accordance with the jamabandi settlement, but it should be explained why the jamabandi settlement of house tax in the town of Hassan fell from Rs. 3,300 in 1897-98 to Rs. 3,060. Pending information, the estimates will stand.

4. X. *Miscellaneous.*—The lands acquired in 1896-97 and those to be acquired in the year 1897-98 are proposed to be disposed of in 1898-99 as building sites in certain municipalities in the district. This accounts chiefly for the increase under this head. The estimates are approved.

5. *Opening Balance.*—In lieu of Rs. 435 given as the opening balance in favor of the municipality of Banawar, a sum of Rs. 510 which is the correct closing balance for 1897-98 will be adopted in the budget.

EXPENDITURE.

6. *I. Interest on Debt.*—No provision has been made in the budget of Hassan on account of the repayment of loan to be advanced by Government towards the water-supply project of the town. The omission will be supplied under the head "XI. Miscellaneous. (*a*) Repayment of Loan," as the Board agreed to pay a lump sum of Rs. 2,000 both on account of principal and interest.

7. *II. Head Office.*—The President provides an increase of Rs. 5 to the pay of the Municipal Overseer of the head-quarter municipality in accordance with the Board's resolution of 18th February 1898, as also a slight increase on account of contingencies of the Vice-Presidents' offices. The provision under this head accordingly amounting to Rs. 1,592 as per details given in the margin will be retained, pending the issue of final orders on a separate reference, which the President is requested to submit in regard to the increase of pay to the Municipal overseer.

These provisions will stand; but before the increases are allowed, separate references should be submitted and sanction of Government obtained thereto.

9. *Collection* (*b*) *House and Mohatarfa Taxes.*—The budget of Belur provides Rs 42 on account of commission payable to the shanbhog for collecting the house and mohatarfa taxes, inasmuch as the Superintendent of Revenue Survey has not taken into account these taxes in fixing the potgi settlement as per Government Proceedings No. 3977—L. 483, dated 1st June 1892. 18. From the above it will be seen that the closing balances in favor of Hassan, Saklespur and Channarayapatna as well as Sravanabelgola are less than the prescribed minimum, while those in favor of the other municipalities are more than the maximum. In the former case, steps should be taken to reduce the sanctioned expenditure unless the actual balances on 1st July 1898 are in excess of the estimates entered under "Opening balance" to the extent of the deficiency in each municipality and in the latter case, amounts in excess of the prescribed maximum balances should be utilized on works of sanitation, unless they are reserved for any large works, which the President is requested to report.

2. *I. Octroi.*—The increase of Rs. 100 and the decrease of Rs 30 under this head in the budgets of the Hunsur and Nanjangud Municipalities, respectively, are based on the actuals of 1896-97 and probable collections of 1897-98. The estimates are passed.

3. *II. Tax on Houses.*—The increase under this head is chiefly in the budgets of Hunsur and Nanjangud. In the former it is due to the inclusion within municipal limits of the village of Kalkunike under Government Proceedings No. 15-906—L. F. 333-96, dated 6th June 1898, and in the latter to the expected collection of arrears of previous years. The estimates are approved.

4. *VII. Mohatarfa.*—The omission of any estimate under "Loom Tax" is due to the abolition of this item of taxation under Government Proceedings No. 1711-21, L.F. 100-96, dated 11th July 1897. The President explains that in view to recoup the loss sustained by the Chamrajnagar Municipality by the abolition of this tax, the Board propose the introduction of Octroi duty on certain articles imported into the town for consumption, but no estimates are entered on this account. The early submission of definite proposals is awaited.

5. *X. Miscellaneous.*—The increase which is chiefly in the budget of Hunsur under the head "(*a*) Sale of Lands" is due to the expected sale of Holeyars' quarters recently acquired by the municipality for building purposes to other caste people. The estimate is allowed.

6. *Opening Balance.*—The estimated closing balance at the end of 1897-98 has been adopted as the opening balance in all the budgets except that of Nanjangud where an increase is proposed of Rs. 1,430 being the amount saved by the abandonment of the idea of constructing an Octroi katte. The estimate is approved subject to the submission of a report as to the circumstances under which a work considered very essential a few months back has since been found to be unnecessary.

EXPENDITURE.

7. *Interest on Debt.*—*XI. Miscellaneous (a) Repayment of Loan.*—Under these heads provisions have been made in the Municipal budgets of Hunsur and Nanjangud for the principal and interest payable on account of loans obtained from the Sanitary Budget. These items will be retained pending the receipt from the Comptroller of the statement called for in this office docket No. 14820—L. F. 262-96, dated 13th May 1898.

	Interest on debt. Rs.	Repayment. Rs.
Hunsur	261	469
Nanjangud	460	1,000

8. *II. Head Office.*—The correct provision under this head on account of contributions payable towards the establishments maintained in the offices of the Dewan, Comptroller and the Deputy Commissioner, amounts to Rs. 809 and not to Rs. 849 as entered in the present budgets. The former figure will be adopted and redistributed among the several municipalities as noted below :—

The pay of the Overseer on Rs. 10 hitherto shown under the head VIII. Hence these increases are only nominal.

The other items, of which one has already been sanctioned, are stated to be very necessary and are approved. The President is authorized to utilize these increases without making a special separate reference on the subject.

10. *VII. Lighting.*—The pay of the lamp-lighter has been proposed to be raised to Rs. 6 per mensem on the ground that the present salary of Rs. 5 is insufficient. The increase is sanctioned and the provision made for the same is passed. The other items under this head are retained, subject to the submission of details showing the number of existing lamps and the rate of lighting each in the Municipalities of Hunsur, Heggaddevankote and T. Narsipur.

11. *VIII. Public Works.*—The provisions made under this head on account of the salaries of Work Inspectors and on account of works to be executed during 1898-99 of which those costing Rs. 500 and upwards are given below, are passed:—

12. *IX. Charitable Grants.*—To avoid a deficit at the end of 1898-99 in the Municipality of Gundlupet, the provision of Rs. 1,824 made under this head on account of contribution towards the cost of constructing a dispensary building will be reduced to Rs. 1,000. The amount now disallowed may be provided in the budget for 1899-1900. It is observed that the actual rent of the dispensary building at Gundlupet is Rs. 4 per mensem and that the correct provision to be entered on this account in the Municipal budget is only Rs. 16 and not Rs. 20. The estimate will be reduced accordingly. The necessity for the repetition of provisions amounting to Rs. 48 on account of the supply of furniture to dispensaries, which is not of a recurring nature, should be explained. Pending information, the provisions should not be utilized.

13. The other items call for no remarks and are passed.

14. The budget estimates of the several minor municipalities in the Mysore district exclusive of the French Rocks sub-division for 1898-99, are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

No.	Names of municipalities.	Opening balance on 1st July 1898.	Estimated receipts.	Total including balance.	Estimated expenditure.	Estimated closing balance.

	Total ...	11,117	21,751	32,868	28,714	4,154

15. From the above it will be seen that the closing balances are less then the prescribed minimum in the Municipalities of Hunsur, Yedatore, Gundlupt, and Nanjangud. Every endeavour should be made to maintain the prescribed balance by effecting savings in the sanctioned items, if the actual balance on 1st July 1898 is not more than the estimated opening balance adopted in the budget.

2. The main items of decreased receipts were under Mohatarfa, due to smaller collections of arrears of cart tax, and under House tax, in regard to which, however, no explanation has been given. The large increase under Miscellaneous was the combined result of a loan of Rs. 10,124 granted to the Chintamani Municipality for water-works and a falling off of Rs. 3,840 in the sale proceeds of building sites, of which a smaller number remained to be sold in the Chikballapur Municipality.

3. The decrease under Collection was due to the fact that arrears of commission to certain village servants had to be paid in the previous year for collecting mohatarfa taxes, but not in the year under report. The entertainment of additional conservancy establishment, and more extended lighting arrangements accounted for the fluctuations under the heads appertaining thereto. Additional expenditure in connection with the Jubilee celebrations, the purchase of furniture for the Kolar town-hall, and the inclusion of unadjusted balances to be hereafter debited to the proper heads contributed to the large increase in miscellaneous expenditure. The Public Works undertaken during the year consisted chiefly of original water-supply works (Rs. 12,388) and the construction and repair of drains (Rs. 5,746) and of roads (Rs. 4,233).

4. Including the arrears on 1st July 1896, namely Rs. 2,111, the total demand for the year amounted to Rs. 38,958, of which Rs. 34,566 was collected and Rs. 22 was remitted, leaving a balance of Rs. 4,370 uncollected on the 30th June 1897. The balances were particularly heavy in the municipalities of Kolar (Rs. 1,104), Bowringpet (Rs. 1,194), and Srinivaspur (Rs. 1,229), the Vice-Presidents of which should be asked to take special steps in the matter.

5. There was a slight decrease from 646 to 597 in the number of deaths from all causes in municipal towns; and public health is reported to have been good on the whole.

No. 1075-6—L. F. 102-95, DATED BANGALORE, 20TH JULY 1898.

ORDER THEREON.—The sanction accorded in Proceedings No. 6974-5—L. F. 102-95, dated 16th December 1896, to the levy of octroi in the Davangere Municipality is cancelled as requested by the Municipal Board. But the President is informed that the levy of tolls on carts cannot be authorized as recommended in his letter read above.

The dispensaries in the district treated a larger number of patients, and this was specially so as regards the Bowringpet Dispensary.

The work of the midwives and vaccinators does not call for special remark.

6. Except in respect of water-supply which in some places was still inadequate, and of conservancy for which additional funds were needed, the sanitation of municipal towns is reported to have been fairly good. As attention to sanitaton is the first and most important duty of municipalities, it is hoped that the Municipal Boards concerned will provide the necessary funds in their budgets even at some risk of diminishing the amounts available for other kinds of expenditure.

2. The large decrease of Rs. 27,527 under the head "Sayer" in the Tumkur district is stated to be due to decrease in the production and distribution of supari, as already noticed in Government Proceedings No. 10727-35—R. 3562, dated 12th May 1898.

Mohatarfa.—The arrears at the end of the period under review were heavy in the Mysore, Kolar, Bangalore, Shimoga and Kadur districts as noted in the margin. Suitable measures should be adopted for their prompt recovery.

No. 183—R. 64, DATED BANGALORE, 8TH JULY 1898.

ORDER THEREON.—The subjoined table exhibits the demand, collection and balance under the head "Abkari" for the period under review as compared with the figures for the corresponding period of past year.

Statement showing the demand, collection, and balance under the head "Abkari" in the Mysore State up to the end of January 1898:—

Demand, collection and balance.	Year.	Bangalore.	Kolar.	Tumkur.	Mysore.	Hassan.

	1897-98 ...	3,852	5,169	9,261	...	1,64,340

2. The total demand for the period under review shows a net increase of Rs. 94,302 notwithstanding the decrease of Rs. 3,341, Rs. 19,393 and Rs. 642 in the Hassan, Kadur and Chitaldrug districts, respectively. In the Hassan district, the decrease was mainly due to the arrears at the beginning of the year (1897-98) being less than those at the commencement of 1896-97. The decrease in the Kadur and Chitaldrug districts was under current demand and is attributed to want of good bids, decrease in consumption of liquor, and to the introduction of the tree-tax system.

3. The proportion which the outstanding balance bears to the entire demand is shown below:—

District.	1896-97.	1897-98.
Mysore	12·2	19·9
Hassan	2·7	9·0
Chitaldrug	2·9	6·9
Bangalore	4·0	6·2
Kolar	2·5	3·5
Kadur	1·4	3·1
Shimoga	·6	2·5
Tumkur	2·2	1·9

The above figures show that the collection work has been more or less unsatisfactory in every one of the districts except Tumkur.

4. Out of the total balance of Rs. 1,64,340, Rs. 1,52,815 relate to the arrears under the head "Toddy," Rs. 8,530 under "Arrack," Rs. 795 under "Ganja" and the rest under "Miscellaneous items."

5. The arrears on account of previous year's demand as they stood on the 1st July 1897 and 31st January 1898, are as shown below :—

Districts.	On 1st July 1897.	At the end of 31st January 1898.
	Rs	Rs.
Bangalore	21,538	7,593
Kolar	8,338	6,657
Tumkur	874	242
Mysore	59,584	33,863
Hassan	4,039	3,283
Shimoga	232	...
Kadur	5,634	2,460
Chitaldrug	3,103	1,899
Total ...	1,03,342	55,997

The outstanding balance shown against the Mysore, Bangalore, Kolar and Hassan Districts are large and the Deputy Commissioners concerned are therefore requested to take early steps for the collection thereof.

6. There was a delay of more than six months in the receipt of the statements under review. The Excise Commissioner, in his letter No. 7162—348, dated 13th April 1898, states that the delay in the submission of the returns from October 1897, was due to their non-receipt from the Deputy Commissioner, Bangalore District. This is not satisfactory. The Excise Commissioner is requested to arrange for the punctual submission of the returns in future. The statements from February to May 1898 (both inclusive) should be submitted without further delay.

7. An explanatory memo showing the details, &c., of balance has not been submitted with the monthly demand, collection and balance statements as called for in para 5 of Government Proceedings No. 462-70—Ex. 18, dated 12th July 1897. This should be submitted without further loss of time.

I. Irrigation Wells.

ORDER THEREON.—Under para 19 of the special rules published under Notification No. 183, dated 21st July 1891, the instalments due for irrigation wells become payable yearly with the last khist, and the demand for such loans arises therefore in the last quarter of every revenue year. The balance outstanding on 30th June must accordingly be brought forward and shown in subsequent statements under the head "Demand of previous years." The figure which ought to be entered in column 3 (uncollected balance up to the end of last quarter of previous years) of the statement received from the Kolar District is wrongly entered under column 4 (uncollected balance up to the end of last quarter of current year). The mistake has been rectified in statement No. I appended to this review.

It is observed from the said Statement No. I that Rs. 33-10-10 in the Kolar District and Rs. 1,092-13-2 in the Chitaldrug District, aggregating in all Rs. 1,126-8-0, have been collected in advance out of the demand for the year 1897-98.

In the Kolar District, the balance outstanding was very heavy, being Rs. 572-11-1 out of a total balance of Rs. 843-0-1, for the whole State. Every endeavour should be made to collect at once all outstanding arrears with interest under the rules.

The statements from the Bangalore, Chitaldrug and Shimoga Districts, are not supported by the Treasury Officers' certificates of credit. This omission should not recur.

In the statements received from the Kolar District, the details of the balance and the names of the defaulters are not given, and this should always be done.

Against the Pavagada taluk of the Tumkur District, the opening balance is shown as Rs. 8-6-10, while the closing balance of the preceding quarter was shown as Rs. 8-6-0. The difference of pies ten requires explanation.

II. Land Improvements.

Statement No. II appended shows that out of Rs. 1,291-10-8, only a very small sum of Rs. 240-7-8 has been collected, leaving a balance of Rs. 1,051-3-0 still outstanding. Early steps should be taken for the recovery of this amount.

III. Saguvali Kattes.

Statement No. III shows a large balance of Rs. 546-12-5 against the Chitaldrug District at the close of the quarter under review. The Deputy Commissioner is requested to adopt early measures for the recovery of this balance.

	1897-98...	2,39,511	1,46,929	20,979	11,32,505

2. There was a net increase of Rs. 3,91,378 under total demand, notwithstanding a large decrease of Rs. 19,632 in the Shimoga district.

3. There was a corresponding increase of Rs. 3,98,249 under collections also. The collections as shown by the Deputy Commissioners differ from the Comptroller's figures to the extent noted below:—

Districts.	As per Deputy Commissioners' returns.	As per Comptroller's return.	Difference.
Bangalore	11,59,705	11,59,660	+ 45
Kolar	11,93,115	11,93,364	— 249
Kadur	7,71,835	7,71,755	+ 80
Chitaldrug	6,60,545	6,30,910	+ 29,635

The attention of the Deputy Commissioners of these districts is drawn to para 3 of Government Proceedings No. 35-43—R. 21, dated 5th July 1898, and they are again requested to adjust these differences finally in the accounts for June 1898.

The percentage of balance to the entire demand was as follows:—

Districts.	1896-97.	1897-98.
Kolar	19·4	20·6
Shimoga	14·8	16·9
Kadur	18·5	15·9
Hassan	12·9	14·5
Tumkur	10·3	6·4
Bangalore	8·8	6·0
Mysore	4·4	3·3
Chitaldrug	4·9	3·1

The above figures show that the collection work in the Kolar, Shimoga and Hassan districts was not as satisfactory as in 1896-97.

5. The balance remaining uncollected on 31st May 1898 was very heavy in the districts of Kolar, Shimoga, Hassan and Kadur. It is hoped that no pains are being spared to collect, as early as possible, all recoverable arrears.

READ—

The following letters regarding the settlement of the boundary dispute between Abakavaripalli village of the Bagepalli taluk, Kolar district, and Lalepalli village of the Hindupur taluk, Anantapur district:—

(1) *Letter No.* 2740—648, *dated 5th January* 1892, *from the Deputy Commissioner, Kolar District.*

I have the honor to state that there existed sometime back a boundary dispute between Abakavaripalli village in the Bagepalli taluk of this district and Lalepalli in the Hindupur taluk of the Anantapur district.

This dispute was settled in 1867 in accordance with the terms of a razinama executed by both the villagers on the 3rd July of that year, and duly authenticated by the then Amildars of the two taluks, who had been specially deputed for the settlement of the question.

2. The boundaries fixed by the Mysore Revenue Survey Department are reported to be in conformity with those defined in 1867.

3. The Collector of Anantapur having in his letter No. 3041 of the 7th December 1888, suggested a re-examination of the boundaries, it was pointed out to that officer in this office letter No. 2502—1620, dated the 16th February 1889, that the dispute had already been settled, and a copy of the razinama alluded to above was forwarded to him for information.

4. Thereupon some correspondence passed between this office and the Collector who was informed that the question finally disposed of so far back as 1867 could not be re-opened and that the villagers concerned must abide by the terms of the settlement as evidenced by the razinama executed by them before the taluk officers.

5. The Collector having subsequently intimated that there was a dispute as to the meaning of the razinama and that the existing state of things was not in conformity with the terms of the settlement, it was at his instance arranged to have a meeting of the Amildars of both the taluks at the spot with a view to ascertain if the conditions of the razinama under reference had in any way been infringed by either of the parties.

6. The Amildars who accordingly met at the point on the 22nd May 1891 and the following days, could not come to any decision in the matter.

7. It was then proposed to depute an officer of a higher rank on each side for the work and Mr. Pitt, Acting Head Assistant Collector of Anantapur, and Mr. Ramachandra Rao, General Assistant Commissioner of this district, were appointed for the purpose.

8. Before these officers could meet at the spot, the Collector of Anantapur at the suggestion of the Acting Head Assistant asked for the Akshaya Paimaish account of Abakavaripalli for the reference of the said officers.

9. In my letter No. 2278—1454, dated the 18th November 1891, the Collector was informed that there could be no boundary dispute properly so called, and that the object of the meeting arranged for being simply to ascertain whether the villagers interested had or had not conformed to the terms of their razinama, the necessity for referring to the Paimaish account of Akshaya was not apparent.

10. In his reply No. 642 of the 30th November 1891, the Collector states that in his opinion, the dispute should be settled with reference to the Paimaish accounts, and that the razinama executed by the villagers cannot be made binding on the British Government. He adds that if I should have any objection to the production of the Paymaish account, he would address the Government in the matter.

11. I beg herewith to submit as per accompanying lists, the files of English and Kanarese correspondence bearing on the subject.

12. It will be observed from the same that the Amildars of the Bagepalli and Hindupur taluks were, by the orders of the respective District Officers, deputed to settle the boundary dispute and that they decided the same according to the terms of a razinama executed before them by the contending parties.

13. The question having been finally disposed of more than 24 years ago, it seems quite undesirable to re-open it at this distance of time, except it be to satisfy ourselves that the boundaries defined by the settlement officers have been strictly adhered to by both the villagers.

14. If the Government should however be pleased to think that the matter should be re-investigated, as proposed by the Collector of Anantapur, I request that the Akshaya Paimaish account of Abakavaripalli of the late Gummanaikanapalya (now Bagepalli) taluk may kindly be forwarded for reference.

(2) *This office Letter No. 9155—R. F. 206-92, dated 19th December 1892, to the Deputy Commissioner, Kolar District.*

In acknowledging receipt of your letter No. 2740—648 of the 5th January 1892, I am directed to observe that from the papers submitted therewith, it is not clear what the present dispute is. The Collector of Anantapur in his letter No. 3041 of the 7th December 1888, says "there is a boundary dispute "between the villages of Chilamatur in the Hindupur taluk and Abakavaripalli "of the Bagepalli taluk of your (Kolar) district, regarding a piece of land, dry "field No. 39 which is acres 12 assessed at Rs. 1—8—0, according to the accounts "of the former village." But from the Bagepalli Amildar's report No. 295, dated the 30th May 1891, as well as from remarks on the sketch map A, it appears that the present dispute is about the extent of land to be left uncultivated by the villagers of Abakavaripalli, for a passage for the cattle of Lalepalli (a hamlet attached to Chilamatur of the Hindupur taluk) in accordance with a razinama executed by the former in July 1867.

2. The papers forwarded relate to the settlement made in 1867. According to the razinama dated 3rd July 1867, a space of 70 yards in breadth along the channel is to be left uncultivated by the villagers of Abakavaripalli, to allow of the cattle of Lalepalli to pass on to the Kanaju katte at A as marked in the sketch map. This has been done, but the villagers of Chilamatur now require a larger extent, *viz.*, that enclosed by the line. C D to be left uncultivated.

3. Alluding to this razinama of 1867, the Collector of Anantapur in his letter No. 642, dated 30th November 1891, observes that "in a dispute between "this Government and the Mysore State, razinama executed by villagers would "be of no use as it cannot be made binding on this Government which was no party to it." But he has overlooked the fact that the settlement of 1867 was agreed to by the then Tahsildar of the Hindupur taluk, who was deputed by the Collector of Bellary for the purpose of meeting the Amildar of the Bagepalli taluk and effecting a settlement after a mutual conference.

4. As requested by the Collector of Anantapur, a careful examination of the Akshaya Paimaish accounts in this office has been made, and it has been ascertained that the survey or Paimaish of that year did not extend to the village of Abakavaripalli.

5. I am to ask that the Collector of Anantapur may be informed of these particulars and that, if under the circumstances, he still considers it expedient to re-open the question, it will be for him to do so through the Madras Government and the Resident in Mysore.

6. The vernacular papers in the case are returned.

(3) *Letter No. 1504, dated 23rd April 1896, from the First Assistant to the Resident in Mysore.*

I am directed to forward for the information of the Durbar, a copy of the Proceedings of the Board of Revenue, Madras, No. 149, dated the 10th June 1895, regarding a boundary dispute between the village of Abakavaripalli in the taluk of Bagepalli, Kolar district, and Lalepalli, a hamlet in the Hindupur taluk of the Anantapur district.

2. From the records available, it appears to the Madras Government that several of the disputes along the Mysore-Hindupur boundary were settled in or about the year 1872, but that no information is forthcoming as to the dispute now under reference His Excellency the Governor in Council therefore considers that the matter should be settled by a conference between officers deputed by both the Madras and Mysore Governments as soon as may be convenient. The Head Assistant Collector of Anantapur has been instructed to meet any competent officer who may be selected by the Durbar for this purpose.

3. If no records are available on the subject, the Resident will be glad if the Durbar will take the necessary steps to comply with the wishes of the Madras Government.

(4) *This office No.* 12137—1736, *dated* 30*th April* 1896, *to the Deputy Commissioner of Kolar.*

In forwarding herewith copy of letter No. 1504, dated the 23rd instant, from the First Assistant to the Resident in Mysore, together with its enclosure in original (to be kindly returned), the undersigned has the honor to request that the Deputy Commissioner will be good enough to submit a very early report giving full particulars of the dispute therein referred to. The records, if any should be submitted as early as practicable.

(5) *Docket No.* 4290—1174, *dated* 9*th May* 1896, *from the Deputy Commissioner of Kolar.*

His docket No. 12137—Mis. 1736, dated 30th ultimo, regarding a boundary dispute between Abakavaripalli in the Bagepalli taluk of this district and Lalepalli in the Hindupur taluk of the Anantapur district.

Adverting to the above, begs to refer him to previous correspondence ending with the Chief Secretary's letter No. 9155—R. F. 206-92, dated 19th December 1892, on the subject.

2. The vernacular file of correspondence as per accompanying ferist received with the said letter is herewith re-submitted.

3 If the Government should decide that the question settled in 1867 should now be re-opened and a fresh settlement come to, the Sub-Division Officer, Chikballapur, or some other Assistant Commissioner of the district will be deputed for the purpose.

4. It is requested that the entire file of English and vernacular records relating to the matter may kindly be returned.

5. The copy of the Proceedings of the Board of Revenue received under cover of the docket under reply is herewith re-transmitted.

(6) *Letter No.* 34, *dated* 11*th July* 1896, *from the Survey Superintendent.*

With reference to your docket No. 12137—Mis. 1737, dated 30th April last, forwarding copy of letter No. 1504, dated 23rd idem, from the First Assistant Resident in Mysore, and of its enclosure, and requesting me to submit a very early report, with records, if any, on the subject of the boundary dispute between Abakavaripalli in the Bagepalli taluk and Lalepalli in the Hindupur taluk, Anantapur district, and reminders (No. 10259—206-92, dated 23rd May 1896, No. 32—206-92, dated 2nd July 1896), I have the honor to state that such records as are forthcoming were forwarded to the Deputy Commissioner, Kolar, at his request, so far back as 21st August 1890, and that their return has since been requested by two reminders (Nos. 187 and 216, dated 25th May and 18th June 1896, respectively), which have not been complied with up to date. A third reminder has this day been sent.

2. So far as I can see, the dispute which has been now brought forward, although there seems no reason why it should not have been brought forward when boundary marks were first erected by the Mysore Revenue Survey in 1871, is not likely to be settled without arbitration.

3. I forward correspondence in original which has taken place departmentally since receipt of your docket No. 12138—1737, dated 30th April last. You will see that certain records enumerated by Mr. Mackay in his Memo No. 274 of the 7th May 1896, are now with the Deputy Commissioner of Kolar to whom they were sent from this office so far back as 21st August 1890, as above stated, are still with that officer. I would suggest that under the circumstances the whole file should be sent to the Deputy Commissioner of Kolar who, with the help of the correspondence he already has, will be in a position to meet the Head Assistant Collector of Anantapur as suggested by the First Assistant Resident in his letter No. 1504 of the 23rd April 1896, and satisfactorily dispose of this apparently somewhat unimportant dispute.

(7) *This office No.* 3577—*R. F.* 206-92, *dated 2nd October* 1896, *to the Deputy Commissioner of Kolar.*

With reference to your docket No. 4290—1174, dated the 9th May 1896 on the subject of the boundary dispute between Abakavaripalli in the Bagepall taluk and Lalepalli in the Hindupur taluk, I am directed to ask you to go personally or depute the Sub-Division Officer, Chikballapur, to meet the Head Assistant Collector of Anantapur, as proposed by the Government of Madras, and report the result of the conference for the further action of Government.

The entire file of English and vernacular records received with your docket is herewith returned, together with—

1. a precis of the vernacular records prepared in this office,
2. a copy of the Proceedings of the Board of Revenue, Madras, No. 149, dated 10th June 1895,
3. a copy of the map showing the boundary in dispute received with letter No. 2205, dated 17th June 1896, from the First Assistant to the Resident in Mysore,
4. demi-official letter dated 22nd August 1896, from Mr. Mackay with the maps and statements referred to therein,
5. the correspondence received with letter No. 34, dated 11th July 1896, from the Superintendent, Revenue Survey.

I request that these papers may be returned to this office, with your report as to the result of the conference.

(8) *This office No.* 3578—*R. F.* 206-92, *dated 2nd October* 1896, *to the First Assistant to the Resident in Mysore.*

With reference to your letter No. 2205, dated the 17th June 1896, on the subject of the dispute regarding the boundary between Abakavaripalli of the Bagepalli taluk and Lalepalli of the Hindupur taluk, I am directed to state that the Deputy Commissioner of Kolar has been desired to go personally, or depute the Sub-Division Officer, Chikballapur, to meet the Head Assistant Collector of Anantapur, with all the available records, and to report the result of the conference for further action of the Durbar.

The printed copy of the Proceedings of the Board of Revenue, Madras No. 149 dated 10th June 1895, received with your letter No. 1504, dated 23rd April 1896, and the map received with your letter No. 2205, dated 17th June 1896, are herewith returned.

(9) *Letter No.* 2803—696, *dated 23rd January* 1897, *from the Deputy Commissioner, Kolar District, together with its enclosures.*

Adverting to your letter No. 3577—R. F. 206-92, dated 2nd October last, I have the honor to submit herewith copy of the Chikballapur Sub-Division Officer's docket No. 205, dated 24th ultimo, with its original enclosures which show the result of the conference between himself and Mr. MacMichael, Acting Head Assistant Collector, Anantapur, regarding the boundary dispute between Abakavaripalli in the Bagepalli taluk and Lalepalli in the Hindupur taluk.

2. The records (both English and Kanarese) received with your letter under reply are returned as per list attached thereto.

3. The actual area in dispute between the villages of Lalepalli in British Territory and Abakavaripalli of Mysore is not clear. The Madras Board of Revenue estimate it at about 300 acres, but from the sketch map signed by Karnam Rangappa, which is probably not according to scale, this estimate is apparently very much exaggerated. It will be noticed that while the Lalepalli villagers allege that only No. 39 had been encroached upon, the Board of Revenue hold that according to the boundaries given Paimaish No. 38 must also have been usurped.

4. But from a careful examination of the razinama of July 1867 and survey map of Abakavaripalli village, it will be seen that the dispute relates to a much smaller area and that the claim of the villagers of Lalepalli is quite unfounded.

5. The kanaju or anikat across Kushavati is in a line with the field boundary marked XY in the Abakavaripalli village map and the extract of the same filed with the joint report of the Commissioners. The Chilamatur irrigation channel or kattakalve commences near Y and runs close to the river bank in a northerly direction up to point S, and then goes in a north-westerly direction across field No. 14 and then again hugs the river along the line G R. According to the razinama it was agreed that land to the extent of 70 yards south of the Chilamatur kattakalve should be left uncultivated to allow of Lalepalli cattle, &c., going over the kanaju katte (anikat), and that lands south of that might be cultivated by the Abakavaripalli villagers (*vide* English precis dated 23rd August 1896). From the rough map of the Karnam it would seem that the Lalepalli villagers claim to draw a line east to west by south from a point about 70 or more yards due south of the anikat and to appropriate to their village all the lands lying to the north of this line. The words of the razinama and the object for which the 70 yards had to be left uncultivated clearly show that the 70 yards zone referred to in it must be where the Commissioners have now located it.

6. From the remarks of the Collector of Anantapur based on the report of the Head Assistant Collector, it will be seen that the raiyats of Lalepalli village did not cultivate or otherwise enjoy any of the land in dispute. While on the other hand, our raiyats have been cultivating and paying kandayam for the same to Government. When the village of Abakavaripalli was surveyed, due notice was given to the Chilamatur villagers for settlement of their boundaries, and it is scarcely likely that they would have abstained from disputing the boundary or the measurement of these lands and the putting up of the bhands by our raiyats, if they had really been in possession of the lands or claimed a right in them. Their present contention seems entirely an after-thought due probably to some local disputes.

7. The award of the Commissioners is fair and may be accepted, though its effect is to transfer the lands within the points P, X, Y, S, R, G into British Territory. But there can be no harm in it provided the land is left as a pathway open to all. The land thus given away should be written off the accounts, and the assessment on Survey Nos. 13, 14 and 15 revised. The holders can claim no compensation as the lands had been given out for cultivation by mistake for which they are as much to blame as the village officials acting on behalf of Government. It will be noted that the north-east corner of Survey No. 14 will still continue as Mysore Territory, though, perhaps, it would be more satisfactory and tend to simplify boundaries, if this also be transferred to British Territory.

Enclosure.

Letter No. 205, dated 24th December 1896, from the Sub-Division Officer, Chikballapur, to the Deputy Commissioner, Kolar.

In reply to your letter No. 1640—1092 of the 25th October last, forwarding copy of Secretary's letter No. 3577—R.F. 206-92 (date not given), about the boundary dispute between Abakavaripalli of Bagepalli taluk and Lalepalli-Chilamatur of Hindupur taluk, I have the honor to inform you that I met Mr. MacMichael,

Head Assistant Collector of Penukonda, on the morning of the 24th November last, and went over the disputed boundary with him and arrived at the decision indicated in the accompanying joint report with its enclosure of a tracing of a part of the village map of Abakavaripalli. This decision is, of course, subject to the approval of the Madras and Mysore Governments. The raiyats of the Madras village claimed a considerably larger extent, giving the words *Kanaju* and *Kattakalu* an interpretation different from ours, although the words would appear to have been properly interpreted in the Madras Revenue Board's No. 149 of the 10th June 1895 to the Madras Government.

The dispute arose for the first time in 1866, in the form of a Criminal case before the Amildar Magistrate of the then Gummanayakanpalya taluk, with Abakavaripalli people as complainants, and was very properly taken on to the Revenue side for disposal.

In letter No. 642, dated 30th November 1891, from the Collector of Anantapur to the Deputy Commissioner of Kolar, it is said that the *Rajinama* was executed by the villagers and that the Government of Madras was not a party to it. It will be seen from Kolar Deputy Superintendent's Kanarese order to the Amildar of Gummanayakanpalya (Bagepalli), bearing date 26th February 1867, that the Collector of Bellary had directed the Amildar of Hindupur to meet him on the 5th March 1867 to settle the dispute. But the Amildar of Hindupur absented himself on that day. The two Amildars met on the 27th June 1867, with a panchayat, and it was agreed to, that 55 yards to the north of the *Kanaju* should remain to Abakavaripalli and the land beyond to Lalepalli, and that a cattle path to the *kanaju* should be allowed to Lalepalli. But our raiyats appear to have subsequently backed out of their agreement, and so this decision did not take effect (*vide* Hindupur Amildar's yadi of the 28th June 1867 to Gummanayakanpalya Amildar). The two Amildars again met on the 3rd July 1867 and a *Rajinama* was drawn up in settlement of the dispute. It stipulated that a strip of 70 yards wide to the south of Chilamatur supply channel was to be left uncultivated by the raiyats of Abakavaripalli to serve as a cattle path for Lalepalli cattle to pass from Nallagatta to the *Kanaju*. This settlement was signed by the Panchayatdars and the two Amildars like its predecessor of the 27th June 1867. It was not the mere *Rajinama* of the villagers but a deliberate decision arrived at by two responsible heads of districts through their Amildars, believing themselves competent to enter into an amicable settlement of the dispute.

Mr. A. T. Pitt, Acting Head Assistant Collector of Penukonda, in his letter of the 13th August 1894 to the Collector of Anantapur in reporting the Hindupur Amildar's version of the *Rajinama* that the stipulated space of 70 yards was to the south of the *Kanaju*, conjectures that the disputed area was uncultivable and never occupied by either party and encroachments (presumably by Abakavaripalli people) were so made easy, but Mr. MacMichael and I actually trudged over ploughed lands.

The raiyats of Lalepalli claimed all the land lying between the Kusavati on the north and a line on the south which would run from the north-west corner of Survey No. 12 and along one end of the tank bund on to the Kusavati on the east. This would comprise Survey Nos. 13, 14 and 25 and parts of 12, 15 and 23 which were formed from old Nos. 55*, 56*, 57*, 58*, 59*, 60*, 61*, 63, 66, 67, 68, 70*, 71, 73, 74, 75, 80, 81, 83*, 84, of which all except those marked * are seen from account No. 2 of Roudri, 1860, to have been in the joint occupancy of Chitambarbhatta and Narayanareddi and paying kandayam to the Mysore Government. The old numbers which meant to form each of the survey numbers are detailed in Bagepalli Amildar's Memorandum of 6th December 1896. Our Sasanums exist at the north-eastern bend of the Kusavati and at point G and at the north-western corner of Survey No. 12 and lower down all along the limits of Abakavaripalli village.

If the cattle path which the *Rajinama* of 3rd July 1867 secured to the raiyats of Lalepalli, had been marked out at the time, probably the dispute would not have re-opened.

The present decision as set out in the joint report was however come to as the Government of Mysore were willing to abide by the terms of the *Rajinama*, it being but just that the raiyats of Lalepalli should have no difficulty to get to their *Kanaju*, and as the strip of land now proposed does not vary much from the *Rajinama* extent; and should our Government approve of it, the Madras Government will have to be requested to keep the space comprised in P, X, Y, S, R, G, out of raiyat's occupancy and uncultivated, so that all rights of way. &c, enjoyed by Mysore raiyats herein may remain to them untouched. The question of compensating the holders of land within P, X, Y, S, R, G, may also come up for consideration.

The entire file of papers, Kanarese and English, are returned herewith.

Report on the Boundary dispute between Lalepalli hamlet of Chilamutur and Abakavaripalli hamlet of Putaparti in the Mysore Province.

Starting from the end of the Kanaju at the point X the boundary will run west direct to the point P which is marked on the ground by three mounds and is 462 yards from X. From the point P the boundary in the south-west direction will remain as demarcated at present by the Mysore Survey. From X the boundary will run east to the end of the Kanaju bund to the point Y. From Y the boundary will be Chilamatur tank feeder channel to S and thence to R and G. The portion P, X, Y, S, R, G, P, will be British Territory.

This boundary follows, as closely as practicable, the *Rajinama* executed in 1867.

(10) *This office letter No.* 9229—*R.F.* 206-92, *dated* 17*th April* 1897, *to the Survey Superintendent.*

In forwarding herewith copy of a precis of the correspondence in connection with the Boundary dispute between Abakavaripalli in the Bagepalli taluk and Lalepalli, a hamlet attached to the Chilamutur village in the Hindupur taluk of the Anantapur district, I am directed to observe that though there was the *Rajinama*, the raiyats of the British village withdrew from it before it was finally acted upon, and evaded the endeavours of the Survey Department to obtain a *Rajinama* when the boundary marks were fixed. I am therefore to request that you will be so good as to favor the Government with your opinion on the merits of the settlement now proposed by the Deputy Commissioner.

(11) *Letter No.* 791, *dated* 25*th May* 1897, *from the Survey Superintendent.*

In reply to your letter No. 9229—R. F. 206-92 of the 17th April 1897, I have the honor, while returning precis of correspondence, to state that the proposals of the Deputy Commissioner seem to be the outcome of a formal meeting between the Sub-Division Officer and the Head Assistant Collector on the 24th November 1896, and these two representative officers came to an agreement which, after all, appears to have given effect to the old *Rajinama* extent which it is stated the Mysore Government was willing to abide by. The Deputy Commissioner's proposals should, I think, be given effect to, as the question seems to have been well considered.

(12) *This office No.* 701—*R. F.* 206-92, *dated* 17*th July* 1897, *to the First Assistant to the Resident in Mysore.*

Adverting to correspondence ending with this office No. 3578—R. F. 206-92, dated 2nd October 1896, on the subject of the boundary dispute between Abakavaripalli village, Bagepalli taluk, Kolar district, and Lalepalli, a hamlet attached to the Chilamatur village, Hindupur taluk, I am directed to state that as therein mentioned, the Sub-Division Officer, Chikballapur, met Mr. MacMichael, Acting Head Assistant Collector of Penukonda, on the 24th November last, and both the officers, after inspecting the disputed tract, arrived at the settlement set forth

in the accompanying copies of their joint report and plan. In accordance with this settlement, which the Durbar are prepared to carry into effect, portions of Survey Nos. 13, 15 and 14 of Abakavaripalli village will be ceded to the Madras Government, but such cession of sovereignty will not, it is hoped, be allowed to interfere in any way with the existing private rights of individuals or of communities including rights of way, &c.

(13) *Letter No.* 2571, *dated* 23*rd May* 1898, *from the First Assistant to the Resident in Mysore.*

With reference to your letter No. 701—R. F. 206-92, dated the 17th July 1897, regarding the boundary dispute between Abakavaripalli village of the Bagepalli taluk and Lalepalli of the Hindupur taluk, I am directed to state that His Excellency the Governor of Madras in Council accepts as the correct boundary between these two villages the line indicated in the joint report of the Acting Head Assistant Collector, Anantapur, and the Sub-Division Officer, Chikballapur, dated the 24th November 1896.

2. I am to add that any rights which may have been acquired over the tract while it was understood to be Mysore Territory will be respected, and that, if at any time it should become necessary to acquire those rights or any of them under the Land Acquisition Act, compensation will be paid according to law.

(1) Letter dated 26th May 1898, from Revd. H. M. Tabard, M. A., Military Chaplain, Bangalore, complaining against the orders of the Bangalore District Treasury Officer, refusing to receive a deposit tendered for credit to his Savings Bank Account.

(2) Letter No. 9982—2142, dated 24th June 1898, from the Comptroller, Mysore Government, submitting the explanation of the District Treasury Officer for the refusal referred to in letter (1).

No. 539-47—FL. 51, DATED BANGALORE, 20TH JULY 1898.

ORDER THEREON.—Revd. H. M. Tabard is reported to have deposited money in the Bangalore District Savings Bank, twice in April and twice in May 1898, and sent a sum of Rs. 150 on the 26th May for the third time in that month. The Assistant Commissioner, in charge of the Treasury, states that since Mr. Tabard deposited twice both in April and May successively and wanted to make a third deposit in one and the same month, he concluded it was a floating account and therefore, under Rule 4 of the Mysore Government Savings Bank, refused to accept the deposit, to avoid frequent unauthorized deposits. The Comptroller, however thinks that according to the latter part of the Rule above referred to, an account becomes a floating one, only when both deposits *and* withdrawals are frequent, and that, in the absence of any special rule regarding deposits or with-

drawals, frequent deposits alone or frequent withdrawals alone may not be objected to. Government accept the Comptroller's view and request that he will be good enough to issue the necessary instructions accordingly.

Docket No. 832, dated the 16th June 1897, from the Deputy Commissioner, Kadur district, submitting copy of letter No. 115, dated 13th idem, received from the Inspector of Agricultural Banks in Mysore, recommending in favor of the Agricultural Bank at Chikmagalur, a further loan of one lakh of rupees and the raising of the limit of the loan under Class I, on the security of immovable property, from Rs. 25,000 to Rs. 40,000.

No. 912-15—R. F. 117-95, DATED BANGALORE, 30TH JULY 1898.

ORDER THEREON.—Under the circumstances stated in the correspondence read above, Government are pleased to sanction the raising of the limit of loans under Class I from Rs. 25,000 to Rs. 40,000, provided that such loan does not exceed one-third of the value of the property hypothecated.

2. Government observe that an increase to the loan of three lakhs already sanctioned in Government Proceedings No. 6916-19—R. F. 117-95, dated 1st February 1897, is urgently called for, as the annual working expenses seem to amount to a larger sum than can be met from the present capital.

3. In his letter No. 115, dated the 13th June 1897, the Inspector of Agricultural Banks valued the estates held by the Members at Rs. 20,24,000, and it is believed that they have not since materially deteriorated or decreased in value. The Deputy Commissioner or the Inspector should however inspect them once more at a very early date and after satisfying themselves as to the correctness of the valuation then made, advance a further loan of one lakh of rupees to the Bank, thus raising the total advance from Government to rupees four lakhs.

4. The principles regulating Agricultural Banks, which are noted below, should be carefully explained to the Members and Directors of the Bank:

(1) "The increasing number of proposals to establish such Banks in the "coffee tract and the applications made for the help of Government to "such proposed Banks by means of loans from the Treasury show the "want of a sufficient appreciation of the scope and essential principles "upon which alone such Banks can be expected to be successfully main-"tained."

(2) "Mutual co-operation and self-help are the essential foundations of the "system. . In other countries, these Banks have had to pledge the "united credit of their Members and upon such credit to borrow money "from the ordinary exchange Banks at moderate rates of interest; but "such borrowing was found necessary only in the earlier stages as in the "course of a few brief years the Members were themselves able to "advance their savings as loans to the Banks, and the Banks were able "to lend money (out of such loans) to the poorer Members in need of "help. If the persons proposing themselves into the association in question "do not prescribe a similar line of policy for their scrupulous future "conduct, the system will fail to achieve the object in view."

5. The temporary nature of the advance made to the Members of this Bank has been already declared in para 10 of the Government Proceedings No. 6916-19—R. F. 117-95 of the 1st February 1897. Nothing seems to have been done to repay any portion of the advance made, and the circumstances which render the additional advance necessary, coupled with the fact that the crops during the last year were poor, and the prices low, afford some explanation of the fact. Nevertheless, it is important to impress this essential feature of the institution on the Members, and Mr. Srinivasa Rao, who has appeared as the representative of these gentlemen, assures the Government that it is possible to repay the advance in a period of seven years. The Deputy Commissioner should accordingly see that this engagement is always kept in view, and that proportionate repayments are made from year to year.

6. It is also important to watch the condition of the landed estates on the security of which this large advance has been sanctioned. The Deputy Commissioner and the Inspector of Agricultural Banks should between them arrange to inspect the estates twice a year and report their condition to Government.

7. The Members of the Bank should be distinctly made to understand that they are expected to keep their estates in efficient condition, and that any marked deterioration, when brought to the notice of Government, may necessitate the immediate and peremptory collection of the advance.

8. The Inspector of Agricultural Banks is directed to proceed forthwith and ascertain the present condition of the estates attached to the Agricultural Bank at Chikmagalur.

Proceedings of the Government of Mysore

READ—

(1) The following letter from the Secretary to the Chief Commissioner of Coorg, No. 767 dated 9th June 1897, enquiring whether the Durbar propose to raise the duty on Ganja with reference to the recommendations of the Hemp Drugs Commission.

In view of the recommendations which have recently been made by the Indian Hemp Drugs Commission, the Government of Madras have had under consideration the necessity of revising the rules regarding the culture and sale of Hemp, and its various preparations, which have hitherto existed in the Madras Presidency.

2. A copy of the new rules on this subject, as finally adopted by the Madras Government, are herewith attached for reference. It will be seen from these rules that amongst other matters, the Madras Government have decided to levy duty on Ganja at the rate of Rs. 4 per seer of 80 tolas. The duty in Mysore, on a similar amount is, at present Re. 1-4-0.

3. Hitherto all, or nearly all, Ganja, required for consumption in Coorg has been imported from Madras but, in face of the higher rate of duty now imposed by the Madras Government, the drug will, in future, in all probability be imported mainly from Mysore.

4. In this event it will, in framing rules to regulate the sale of Hemp Drugs in Coorg, a matter which is now under consideration, be necessary to fix the duty on Ganja in Coorg at such a rate as will minimize, as far as possible, all temptation to illicit trading in that drug between the Mysore State and Coorg; and under these circumstances, the duty levied in Mysore must inevitably form an important factor in deciding the rate of duty to be levied in Coorg.

5. In this connection, therefore, I am to enquire whether the Mysore Government, with reference to the recommendations of the Hemp Drugs Commission, contemplate the necessity for raising the duty on Ganja which at present prevails in the State.

6. As this question is pending reference to Government of India, I am to add that Colonel Robertson will be obliged if you will favor him with a reply to this letter at your earliest convenience, and I would request that with your reply the copy of the Madras Rules sent herewith may be returned.

(2) Correspondence ending with letter No. 6611—301 dated 5th March 1898, from the Excise Commissioner in Mysore, submitting Revised Ganja Rules for adoption in Mysore.

(3) *Also letter No.* 2772—319-97 *dated 7th June* 1898, *from the 1st Assistant to the Resident in Mysore, stating that the proposed Ganja Rules appear suitable.*

I am directed to acknowledge the receipt of your letter No. 8672—Ex. 342 dated the 17th March 1898, forwarding a draft of the Revised Ganja Rules to be introduced in the Mysore State in supersession of all existing rules on the subject and to express the Resident's regret for the delay that has occurred in disposing of the case.

2. The proposed rules have been examined and appear to be suitable alike for the purpose of supervising this branch of Excise-Revenue and for the prevention of smuggling to Madras and Coorg. After some experience of their practical working some alterations in the rules may be necessary and Colonel Robertson hopes that District officers will be enjoined to watch the operation of the rules carefully and to ensure that their provisions are made known to the people.

No. 762-71—Ex. 42, DATED BANGALORE, 27TH JULY 1898.

ORDER THEREON.—The revised draft of the Ganja Rules proposed by the Excise Commissioner is approved and will be forwarded to the Compiler Mysore *Gazette* for publication in three successive issues of the *Gazette*, the rules coming into effect on and after the 1st July 1898.

2. The cultivation and manufacture of the drug must be limited to select tracts in suitable parts of the State, the proximity of Railway lines being preferred, wherever possible, and they should not be more extensive than may be sufficient to make the vendors in Mysore and in the Civil and Military Station, Bangalore, independent of any foreign source of supply.

3. The Deputy Commissioners are requested to watch the operation of the rules carefully and ensure their widest publicity, a report being made to the Excise Commissioner at the end of one year as to their practical working.

4. The Excise Commissioner will, after the receipt of the reports from Districts, submit a consolidated report as to the working of these rules as also on the result of the steps taken to encourage the local growth of hemp as reported in para 2 of the Excise Commissioner's letter No. 151—14 dated 5th July 1897.

5. The Excise Commissioner is requested to arrange for fresh Contract Bonds being taken from the Ganja contractors in accordance with the Revised Rules now sanctioned by Government.

Excise officers to watch progress of crop and register it.

5. Excise officers shall watch the progress of the crop raised, and explain to the cultivators how and when ganja should be prepared; and they shall also guard against the fraudulent disposal of the drug by the cultivator. As soon as the drug has been manufactured, the packages or bundles thereof shall be duly sealed, counted and registered in a book kept for the purpose by the Excise Inspector concerned under the signatures of himself, village officials and the cultivator. Such bundles or packages shall then be forthwith removed by the cultivator under escort of the Excise Inspector and his subordinates to the Provincial Head-quarters Depôt or the Taluk Cutcherry whichever may be nearer to the place of manufacture. The bundles or packages shall then be locked up in a room under the seal of the Excise Supervisor or the Amildar or Taluk Sheristadar as the case may be, an acknowledgment for the same being given to the cultivator by the officer receiving the said bundles or packages.

Cultivator to whom to sell the drug.

6. The cultivator of ganja shall not sell the drug stored in the Provincial Head-quarters Depôt or in the Taluk Cutcherry to any person other than the Government contractor to whom the exclusive privilege of the wholesale vend of the drug has been granted.

Provided that by payment of duty to the Civil and Military Station, Bangalore, at the rates prescribed in Mysore, the contractor for the wholesale vend of ganja in the Civil and Military Station, Bangalore, may be permitted to purchase the drug from the cultivator and transport the same duty free to his Wholesale Depôt in the Civil and Military Station, Bangalore.

Sample of drug to be sent to Provincial Depôt.

7. Before the Government contractor buys the aforesaid drug from the cultivator, a sample thereof shall be sent to the Provincial Head-quarters Depôt at Bangalore, where it shall be duly tested and reported upon; and if it is approved by the Excise Commissioner, the Government contractor will be permitted to buy it and transport it to the Provincial Head-quarters Depôt, or any Wholesale Depôt, under the cover of a pass in the appended Form C. All ganja which is unfit for human consumption, shall be burnt in the presence of the Amildar or Excise Supervisor concerned and the owner thereof.

8. The village officials shall be primarily responsible that no clandestine cultivation of ganja is carried on in their respective villages. When such cultivation is discovered, they shall give immediate information thereof to the Excise officers for necessary action.

Liability of land-holders regarding Ganja hemp growing in their lands.

9. Land-holders and owners of backyards shall prevent the spontaneous growth of ganja hemp in their lands. If, after the due publication of this rule, ganja hemp be found in such lands, the owners or occupants thereof shall be liable to be prosecuted as if they deliberately raised the plants.

Prevention of spontaneous growth of Ganja hemp plant.

10. The village officials and Excise and Police officers shall destroy the ganja hemp plants of spontaneous growth in Government unoccupied lands.

Export of Ganja.

11. No cultivator of ganja will be permitted to export the drug.

Conditions of wholesale vend.

13. The person to whom the privilege may be granted, shall exercise the same in strict accordance with the Excise Law for the time being in force and rules thereunder passed by Government from time to time, and subject specially to the following conditions:—

I. The contract shall not be transferable without the previous sanction of the Excise Commissioner, subject to the approval of the Mysore Government.

II. For the purposes of this contract, Government may decline to recognize any representative, agent or partner appointed or taken by the contractors during the period of the contract, unless such representative, agent or partner shall have been first approved of by the Excise Commissioner for the time being.

III. (A) The minimum amount guaranteed shall be payable to Government in 12 equal monthly instalments on or before the 20th of each month.

(B) The contractor shall pay into the Taluk Treasuries of the State or into the Bangalore District Treasury the duty due on the wholesale vend of ganja and preparations thereof at the rates prescribed by Government and mentioned in condition VIII following. If the total amount of duty paid by him on the wholesale vend of ganja and its preparations at the rates above mentioned, be not sufficient in any month to make up the instalment of the guaranteed amount for that month, the contractor shall pay such further amount as may be required to make up the deficiency. On the

other hand, if the said amount of duty exceed the said instalment, the excess shall be available to make up the deficiency in any other month of the same official year, this deficiency being adjusted by short payment into the treasury when the khist for the month is tendered, to the extent of such *net* excess sales as may be available when such khist fell due. If the sum available is at any time more than sufficient to make up the deficiency to which it has been applied, the surplus thus accruing shall be paid into the Bangalore District Treasury with the instalment of the month in which such surplus was realised.

(C) In case of default in the payment of any of the instalments as aforesaid up to the 15th of the month following that for which it is due, interest at 6 per cent per annum shall be payable in addition; and with the sanction of Government, it shall be lawful for the Excise Commissioner to declare the deposit forfeited, to order the contract to be taken under Government management, or to declare the lease forfeited and to dispose of it otherwise at the contractor's risk and loss, and further to recover all arrears together with the loss of revenue entailed on Government by such disposal, by the attachment and sale of his property, personal or real, including cash at Wholesale Depôts, in accordance with the rules relating to the recovery of arrears of land revenue.

IV. The Excise Commissioner or Deputy Commissioner of each district, shall be at liberty on good and valid grounds existing therefor, to make any alterations in the number and localities of the shops that he may from time to time consider necessary, or to close any shop without any claims for compensation on the part of the contractor.

V. The contractor shall sell ganja and its preparations only to licensed vendors, and shall not interfere with retail vendors in any way.

VI. The ganja and majum and other preparations thereof sold, shall be of good quality, not black or old, or such as may have lost medicinal virtues, and must be without stalks and seeds which should be removed before issue to retail vendors, or equivalent weight of good ganja given for such stalks and seeds when returned by retail vendors, and must not be adulterated. Powdered ganja to the extent of 5 per cent only shall be taken by the vendors. Such powdered ganja may be made up by the retail vendors into *halva*. The contractor shall always keep on hand not less than one month's supply of ganja at each Wholesale Depôt and two months' stock (exclusive of the stock at depôts) at the Provincial Head-quarters Depôt at the Bangalore Distillery.

VII. All ganja and its preparations transferred from one Wholesale Depôt to another Wholesale Depôt, shall be covered by a transport pass in the prescribed Form D; and the conditions of such pass shall not be infringed; and the number and date thereon shall be duly quoted in the depôt account against the entry of receipts in the depôt registers. Those sold at the depôt to retail vendors, shall be covered by a permit in the prescribed Form I, signed by the contractor or his authorized agent, the conditions whereof shall not be infringed.

The Deputy Commissioner shall have power to close any particular shop or shops, on the requisition of the Military Authorities or Magistracy, temporarily or permanently, and the contractor shall not be entitled to any compensation therefor. But with the approval of the Excise Commissioner, the number so reduced, might, if the public requirements demand it, be re-established in other adjacent towns or villages.

X. The prescribed rates of license fees for retail shops are as per particulars given below :—

The Wholesale Depôts shall be provided, at the contractor's cost with correct scales and weights, duly stamped by Government; and further, all such employés shall, 15 days after the agreement is signed by the contractor, enter into engagements with the contractor to abide by the spirit and letter of the conditions entered into by the contractor with Government, and of the laws and rules in force, and such engagements shall be deposited for each district in the Deputy Commissioner's office without delay. APPENDIX A.

CLASSIFICATION AND DEFINITION OF THE TERM GANJA, ITS ADMIXTURES, &c.

Hemp.—There are numerous varieties of *Indian Hemp*, for instance, that alluded to by "Buchanan" as "*Indian Hemp*," is the production of the *Crotolaria juncea*, from the fibre of which the goni-bags of commerce are made; and other kinds. The *Indian Hemp* referred to in the Ganja Rules is the *Cannabis Sativa* of Linn. *N. F. Urticaceæ* of the Pharmacopœia, which is called in Hindustani Ganja, in Kanarese *Bhangi soppu*, in Tamil *Ganja yalé*, and in Telugu *Bhangi aku*. The intoxicating products of the plant are known as:—

(1) *Ganja, i. e.*, the flowering tops of the female plant from which the resin has not been removed, and which are pressed and dried. The plant is cut during inflorescence, with the resin carefully preserved on the leaves. When not pressed as in some places, it is exposed to the sun for three days and then made into bundles, each containing 24 plants.

(2) *Churrus* is the concentrated resin exudation* collected from the leaves, slender stems and flowers.

*Note.—Men dressed in complete leather suits pass through the Ganja-fields, rubbing themselves against, and brushing roughly past the plants, early in the morning just after sun-rise, and when a fall of dew has taken place. When this step has completely covered the skin with the gummy matter from the plants, it is scraped off therefrom, which forms the Ganja-resin of commerce. There are other ways also; Dr MacDonald says in his "note-book of Materia Medica:" "that it is prepared either by rubbing the leaves carefully between the palms of the hands and scraping the soft resin from them when enough has adhered, or by rubbing the leaves gently with a cloth, and scraping the resin off it."

(3) *Bhang*, as known in Mysore, is ganja consisting of a mixture of the leaves and capsules, without the stalks, saturated with water and brought to the boiling point; the water is then thrown away, the mixture strained, and the dregs ground with pepper, and made up into balls. One tola dissolved in jaggory-water, milk, or expressed juice of the cocoanut, will ordinarily suffice for a drink for 6 men. *Bhang* is made as needed daily.

(4) *Majum* is a condiment made with ganja powder, in the following proportions:—

No.	Particulars.	By measure.		Quantity. By weight.
1	Ganja powder	0	Seers	20 Seers.
2	Poppy seeds (Kus-kus)	4½	"	10 "
3	Dalchinni	2	"	} 6 "
4	Anice seed	4	"	
5	Jaggory (granular-soft will not do) ...	0	"	2 Mds. (80 Seers of 24 Tolas.)
6	Ghee	0	"	3¾ Seers (of 24 Tolas each.)
	Total Maunds nearly ...			3

The ganja powder is put into syrup made of jaggory and water and boiled. The water is not thrown away but absorbed. The drugs are then boiled with ghee and the other ingredients added to make majum.

(5) *Halva* is also a condiment, and like the preparation *Majum*, the expressed juice extracted by boiling the sediment is not thrown away, but the sediment is. In the liquid so obtained, jaggory is dissolved and mixed with all-spice and other medicinal ingredients, till it forms a soft paste.

(6) *Charun* is roasted Ganja with which "Owlu" (beaten rice), and boiled Bengal-gram (Chena), are mixed with jaggory, and eaten dry.

Character of Ganja:—Tops consisting of one or more alternate branches, bearing the remains of the flowers and smaller leaves, and a few ripe fruits pressed together in flat cakes, several inches wide and long, harsh, of a dusky green color and a characteristic odour.

Analysis:—Cannabin, a resin on which its properties depend and developed only in warm countries, a small quantity of volatile oil, extractive, &c. The resin is of dark-green color, has a fragrant odour, a warm, acrid, and bitter taste and is soluble in alcohol and in ether, and in the fixed volatile oils.

Actions and uses:—Narcotic antispasmodic, intoxicant. Like alcohol it produces a variety of effects on different individuals: in one a dull heavy state of pleasant reverie, with a rapid succession of unconnected ideas; in another a cheerful activity, with giddiness. Taken as an intoxicant in large doses Dr. Angus MacDonald says: "it quickens the circulation and exhilarates the "spirits, producing a kind of mirthful or extravagant delirium, during which its "victim alternately laughs, cries, sings, dances or craves for food, all the while "believing himself to be in a normal state of mind. Sometimes, however, it "makes its victim ill-tempered, violent, and pugnacious. It usually produces an "inordinate appetite for food, and acts powerfully as an aphrodisiac. In medi-"cinal doses, it acts upon the cerebro-spinal system, causing, in moderate doses.

"exhilarations of spirits, a kind of inebriation and hallucination followed by "confusion of intellect and tendency to sleep; in large doses it causes stupor. "After the primary effects of a full dose have passed off, the patient is said to be "left in a state of catalepsy." Dr. Milne adds that it alleviates pain and subdues spasm, and for this purpose it has been given, but with extremely variable results (it may be owing to inert specimens of it) in neuralgia, chronic rheumatism, painful menstruation, infantile convulsions, hydrophobia, and tetanus. In the latter disease a few striking cures have been achieved, but in other cases it has failed. Spasm and spasmodic coughs are frequently relieved by it; and some obtain sleep from it, who are debarred the more certain soporific opium, owing to its evil effects. "It differs from opium in its effects, chiefly in not contracting the pupil, and in not causing loss of appetite, dry tongue, or constipations." In uterine hæmorrhage it often arrests the flooding and it relieves the pain in dysmenorrhœa.

Agricultural and Commercial.

Dr. Balfour in his Cyclopedia (pages 43 and 44) says "The Hemp plants "grow in Persia, Syria, Arabia, and *throughout* India. "*In some places for its fibre*; in others, and generally, "for its intoxicating products. In Kangara and the Punjab it *grows spontaneously* "and in *abundance everywhere* in the sub-mountain tracts in the Sutlej Valley, between Rampoor and Sanganam, at an elevation of 3,000 to 7,000 feet, *but is cultivated for the fibre only*, in the eastern portions of Kangara and Simla Hills. In "1859 an experimental consignment of two tons of Himalayan Hemp was valued "in the English market at from £30 to £32 per ton. The price at Lahore is "about £ 15 to £ 16 per ton."

Botany. It is an annual, generally diœcious—*Root*, white, fusiform. *Stem* three feet to six or more feet high, erect, simple when crowded, branched when growing apart, angular, pubescent. *Leaves*, on long weak petioles, opposite or alternate, digitate, scabrous, leaflets 5 to 7, narrow, lanceolate, sharply serrated. *Stipules*, subulate. *Inflorescence*, males, racemose; females in spikes. *Fruit*, ovate, one celled, with a solitary seed.

FOREST.

Proceedings of the Government of Mysore

READ—

Progress Report of Forest Administration in the Mysore State for the year 1896-97 submitted by the Conservator of Forests in Mysore.

No. 282-316—FT. F. 1-97, DATED BANGALORE, 12TH JULY 1898.

ORDER THEREON.—The report mainly deals with State and Reserved Forests and Plantations under the direct management of the Forest Department.

2. The total area of State Forests was 1,370 square miles against 1,251 in 1895-96, thus showing an increase of 119 square miles, which was chiefly due to the transfer of 107 square miles of Reserved Forests in the Bangalore District to State Forests. The Tirtarampura State Forest (13 square miles) in the Tumkur District was newly constituted.

3. The Reserved Forests extended over an area of 366 square miles with a net nominal decrease of 91 square miles brought about by the transfer to State Forests above referred to.

4. The settlements of Bukkapatna and Manchaldore Forests in the Tumkur District were completed but could not be brought formally into effect before the close of the year. Forest areas aggregating nearly 146 square miles in the Hassan District and 297 square miles in the Chitaldrug District were selected for reservation.

5. *Plantations.*—An extent of 487 acres was added, the total extent of Plantations (Forest and Revenue) on 1st July 1897, being 22,864 acres and the cost incurred up to the end of the year Rs. 8,81,835.

6. *Demarcation.*—Lines to the length of 30 miles around block No. V of Narasimhadevarabetta Forest and of 28 miles around blocks Nos. I and II of Ittikaldrug Forest in the Kolar District are reported to have been cut by raiyats who were allowed to take the wood felled free in return for their labor. The value of the wood thus removed has not been given but it is presumed that the arrangement was beneficial both to the raiyats and to the Government. There were other preliminary and final lines cut or improved, chiefly in the Tumkur and Hassan Districts, and in the absence of complete information the total length of the lines may be roughly put down as not less than 135 miles.

7. *Surveys.*—The area of Forest land surveyed during the year was—
30 square miles in the Kolar District in detail,
about 10 square miles in the Shimoga District topographically,
and about 16 square miles in the Kadur District in detail.

A Working Plan for the Muthodi State Forest (16 square miles) in the Kadur District was nearing completion.

8. *Communications and Buildings.*—There was no original work of importance executed. Certain ordinary repairs to existing tracks and buildings were done. A large portion of the sanctioned building grant lapsed owing to late elaboration of projects.

9. *Prosecutions for breaches of Forest Rules.*—313 cases involving 793 persons were instituted, of which 250 cases with 643 individuals resulted in convictions. The percentages of acquittals and convictions to the total number of cases were as stated below:—

Acquittals	17·57	against	14·4
Convictions	79·87	do	85·4

Besides the above, 47 cases of injury to Sandal trees were disposed of by the Revenue Department; the amount of fines recovered being Rs. 1,793. 8 cases were disposed of on the Criminal side, 4 of which were cases of Sandal smuggling on the frontiers of Dharwar. The offenders in 2 of the 4 smuggling cases were successfully prosecuted before the Assistant Collector and 1st Class Magistrate, Dharwar, and Rs. 500 worth of Sandal connected with all the 4 cases was made over to the Mysore State.

10. *Fire Protection.*—Out of 1,559 square miles attempted, 1,476 square miles were actually protected at a cost of Rs. 21,418. The percentage of success was 94 against 85 and the cost of protection 4·1 pies per acre as in 1895-96. Fires are reported to have occurred more or less in all the Districts. Those that occurred in the Mysore, Shimoga and Bangalore Districts affected 17, 11 and 9 square miles respectively.

11. *Grazing.*—The revenue from grazing and fodder was Rs. 24,212 or Rs. 791 more than in 1895-96. The information furnished as regards the amount of fines collected on account of stray cattle impounded is incomplete.

12. *Improvement of Forest Growth.*—About 3,000 acres were treated for Sandal reproduction in the Mysore District. Among measures of artificial reproduction adopted may be mentioned the planting of seedlings both on new ground and in vacancies to the extent noted below :—

District.	Area.	Number planted.
Bangalore	233	175,338
Tumkur	167	86,646

Besides the above, 81,214 Bage seedlings in the Kolar District and 76,000 Teak seedlings in the Kakankote and two other State Forests were also planted and upwards of 12,000 acres were brought under Sandal dibbling in suitable localities.

13. *Outturn of Forest Produce.—Timber.*—The quantity of timber carted to depôts was slightly in excess of that in the year previous, being 224,480 cubic feet against 212,315 cubic feet. The quantity left felled in the forests was 14,810 cubic feet against 681 cubic feet. The total cost incurred and adjusted was Rs. 68,061 or Rs. 3,395 less than in 1895-96. The fellings in the Mysore and Shimoga Districts alone amounted to 192,417 cubic feet. The quantity sold was 240,444 cubic feet against 200,613, the value realized being Rs. 1,81,145 or Rs. 34,611 more than in the year previous.

Sandalwood.—The quantity of Sandalwood collected during the year was 2,328 tons against 2,131, the old stock on hand amounting to 429 tons. Of the total quantity of 2,757 tons thus available, 2,403 tons were worked up, the quantity of good wood obtained thereby being 1,430 tons or 59·51 per cent. Inferior wood and white chips came up to 728 tons. The balance of 245 tons is set down as wastage and driage which represents 10·21 per cent against 6·90. No reason for this increased loss has been given. The cost of collection, preparation and assortment amounted to Rs. 46,897, the average cost per ton of assorted wood being 21·7 against 20·7. Of the 1,727 tons of assorted wood the billets weighed 990 tons and the roots 335 tons while the remainder was chilta.

The quantity ready for sale was 2,509 tons, of which 1,304 tons were sold for Rs. 4,63,030 against 2,074 tons realizing Rs. 7,99,136. The average rate per ton was Rs. 355 or Rs. 30 per ton less than in 1895-96. The poor results both in the quantity sold and in the price realized are attributed chiefly to the depression in trade in Bombay consequent on the prevalence of the Plague.

Along with the Mysore Government Sandalwood, 27 tons 19 cwts., and 48 lbs. of wood belonging to the Civil and Military Station, 2 cwts. and 92 lbs. of wood belonging to Talvadi Inam village, and 5 tons 3 cwts. and 41 lbs., of Kalasa Temple Inam lands, were sold for Rs. 7,159-1-7, Rs. 56-6-10 and Rs. 1,928-11-2, respectively.

Minor Forest Produce.—Exclusive of grazing fees of the State and District Forests, the revenue from Minor Forest Produce amounted to Rs. 1,29,184 against Rs. 1,43,263 showing a decrease of Rs. 14,079, which was mainly due to the poor crop of gall-nut in the Hassan and Tumkur Districts.

14. *Free Grants.*—The value of timber and other produce removed on free licenses during the year was Rs. 7,079. Accurate information as to the quantity and value of wood and bamboos removed free by raiyats for agricultural purposes or under special rules at reduced rates, is not available. It is hoped that suitable arrangements will be made to obtain and embody this in future reports.

15. *Groves and Avenues.*—Show no improvement whatever and this is a subject which in the opinion of Government demands the earnest attention of Local Revenue authorities and District Fund Boards.

16. *Financial Results.*—The receipts and expenditure exclusive of establishment charges were Rs. 9,24,217 against Rs. 12,61,412 and Rs. 2,39,279 against Rs. 2,54,135 respectively in 1895-96. The decrease of Rs. 3,37,195 under receipts was chiefly due to a large quantity of Sandalwood remaining unsold at the close of the year. The decrease of Rs. 14,856 under charges was owing to reduced expenditure under Minor Produce and Plantations. The establishment charges were Rs. 1,94,778 or Rs. 10,087 more than in the previous year. The raising of the Conservator's pay and the grant of allowances with retrospective effect to certain officers, contributed to this increased expenditure. Deducting all charges under Forests the surplus revenue amounted to Rs. 4,90,160 against Rs. 8,22,586 in 1895-96, the expenditure amounting to 46·96 per cent of the income.

17. *General Remarks.*—A sketch map showing at a glance as approximately as practicable in different colors the Forest areas as distinguished from Maidan country, the State and Reserved Forests, the fire protected areas, the principal Sandal and Teak producing tracts, the areas surveyed and remaining to be surveyed, the existing lines of communication available for traffic, and other useful information, would be a valuable addition to a Report on Forest Administration, and it is hoped that an attempt will be made to prepare one and append it to the reports of future years.

18. *Kheddas.*—Under Kheddas there was a deficit of Rs. 45,313, for the year, the actual receipts being Rs. 74,275 and the gross expenditure including establishment charges Rs. 1,19,588. The import of 300 hunters from Chittagong tended to increase the expenditure to a considerable extent.

The Bengal system of capture of elephants was successfully tried. The total number caught was 170 out of which 52 were lost from various causes and 118 left. In all 76 elephants were sold for Rs. 71,945, the average per head being Rs. 946. Khedda operations have been suspended until further orders.

(1) Petition of Appeal No. 2206—A. 67, dated 26th February 1898, from Kunta Muniga and three others of Hennur, Bangalore taluk, against the decree of the Deputy Commissioner affirming the Assistant Commissioner's decree dismissing their suit for the recovery of a portion of the service inam lands attached to the nirganti office of Hennur.

(2) Records of the case received with the Deputy Commissioner's letter No. 1386, dated 21st April 1898.

(3) Records of the inam enquiry received with the Inam Superintendent's docket No. 94, dated 16th June 1898.

No. 526—P. F. 81-97, DATED BANGALORE, 19TH JULY 1898.

ORDER THEREON.—The enquiry held by the Courts below has been perfunctory and does not enable the Government to pass a decision on the merits. The land in suit which is marked *a, b, c, d, e, f,* in the sketch filed with plaint has not been identified by any of the witnesses examined in the case, nor has it been ascertained by local enquiry or otherwise to what survey number it belongs, and whether it forms part of the inam for which title-deeds were granted by the Inam Department. In the Inam Register one Giriya is shown as the original grantee and Narayani as present holder. How these individuals are related to Plaintiffs or Defendant has not been ascertained. The evidence recorded by the Assistant Commissioner (Mr. Srinivasa Rao) is too meagre and indefinite. The Deputy Commissioner is requested to submit a specific finding by himself or by the Assistant Commissioner in charge of the taluk, on each of the following points after a local and formal enquiry:—

(1) What is the survey number and actual extent of the land claimed by the plaintiffs?

(2) Is this land a portion of the nirganti service inam lands?

(3) Who is performing the nirganti duties of the village?

(4) Who has been paying the jodi on the land in dispute since the survey settlement?

(5) How is Yerroba who is mentioned in the Kalayukti accounts and the Jodidar patrak, related to the defendant Yerroba? How are Giriya and Narayani referred to in the Inam Register, related to Plaintiffs and Defendant or to either of them?

(6) Has the defendant any share in the nirganti hak?

2. The Deputy Commissioner is further requested to report whether the Barabaluti Register of 1864-65 has been corrected from time to time and throws any light on points (3) and (6).

Petitioner and Appellant—Timmegauda, Patel of Agara, Bangalore taluk.
Counter-petitioner and Respondent—Pujari Narasaiya.

READ—

1. Petition of Appeal No. 47 of 1896-97, presented by Timmegauda of Agara in the Bangalore taluk, against the order of the Deputy Commissioner of Bangalore, rejecting his claim to a vacant site at Agara.

2. Correspondence ending with docket No. 1188, dated 9th March 1898, from the Deputy Commissioner, Bangalore district, forwarding a sketch of the site in dispute.

3. Records of the case from which the facts appear to be as follows :—

The dispute relates to a vacant site measuring 11 by 12 yards situated in the village of Agara, Bangalore taluk, which appellant Timmegauda purchased in 1883 for Rs. 15 from respondent Narasaiya, pujari of the Anjaneya temple in the said village. When he (Timmegauda) began to build upon it in 1886, the villagers complained claiming the site as inam belonging to the Anjaneya temple. The Amildar decided, in January 1889, that the site belonged to Government and that Timmegauda should not interfere with it, but might recover the purchase money from the pujari. Timmegauda's appeal against the above decision was referred by the Deputy Commissioner to the Assistant Commissioner who, in 1894, submitted his opinion that the site in question was temple inam and that the patel was wrong in having purchased it from the pujari. The Deputy Commissioner, however, held that no inams in village sites were recognizable, that the site could not be considered as temple inam, and that it was a Government vacant site. He reserved the question, whether the site should be set apart for the use of the temple or should be given out for building purposes, for further enquiry. Timmegauda's appeal is against the above order.

No. 525—Pt. F. 3-98, dated Bangalore, 19th July 1898.

Order thereon.—Government observe that it is not proved satisfactorily that the site belongs to the temple. The claim of the villagers is therefore inadmissible. The Deputy Commissioner will make a further enquiry as to whether the appellant has, as against Government, acquired a right of occupancy to the site in dispute, and dispose of the case under Sections 136 and 37 of the Land Revenue Code

(1) Petition of Appeal No. 74 of 1897-98 presented by Javaregauda of Avaregere, Kunigal taluk, against the order of the Deputy Commissioner of Tumkur rejecting the appellant's claim to a building site at Avaregere.

(2) Letter No. 650, dated 7th January 1898, from the Deputy Commissioner, Tumkur district, reporting that the site in question (marked A on the sketch) together with the adjacent one was entered in the list of vacant building sites prepared in 1894-95 as belonging to respondent Yalakki Timma on the ground of long possession as ascertained by local enquiry and certified to by the villagers, and was finally ordered to be made over to him on payment of a price; that appellant Javaregauda lays claim to site A on the ground of his having purchased it from one Venkata in November 1896; and that this sale cannot effect the entry in the revenue accounts.

(3) Records of the case received with the above letter.

No. 551-8—Pet. F. 6-98, dated Bangalore, 20th July 1898.

Order thereon.—Government observe that the Deputy Commissioner has recorded no finding in this case as to whether the site in question is a Government waste land or belongs to a private individual. If Yalakki Timma has acquired a right of occupancy to the site as against Government under Section 136 of the Land Revenue Code, the Deputy Commissioner is not justified in levying a price for the same. For the purpose of giving effect to the provisions of Government Order No. 16919-27—R. 1699, dated 6th April 1894, in such a case, the Deputy Commissioner has simply to ascertain by a summary enquiry the person in actual possession and register the site in his name for levying the assessment thereon. If on the other hand the Deputy Commissioner finds the site to be the property of Government and not in the lawful occupation of any person, he is competent to dispose of the same under Section 135 of the Land Revenue Code and the rules thereunder.

2. The case is remanded to the Deputy Commissioner for disposal in the light of the above remarks.

3. In the order passed by the Deputy Commissioner in this case the law applicable to it has not been quoted. Government consider that Deputy Commissioners and other Revenue officers should in their orders invariably refer to the provisions of the law under which they are acting.

(2) Letter No. 588, dated 15th December 1897, from the Deputy Commissioner, Tumkur district, reporting on the above petition.

(3) Records of the case from which the facts appear to be as follows :—

In January 1891, appellant Desikachar applied for unassessed waste land, Survey No. 162 of Nonavinakere for cultivation. During the enquiry that ensued, Subraya, the shanbhog of the village, claimed a portion of the land as having formed, before survey, part of his adjacent garden, and as having been treated by mistake as kharab at the Survey Settlement. After a prolonged correspondence, this portion, measuring 1 acre and 22 guntas, was, in March 1895, formed into a separate No. 424 and assessed at Rs. 7 by the Survey Department. In February 1896, the Deputy Commissioner rejected Subraya's claim on the ground that it was not preferred within two years from the Survey Settlement which took place in 1880-81, and ordered the land to be sold by public auction as there were more than one applicant for it. Accordingly the sale was held, after due notice, on the 20th March 1896, when 1st respondent Narasimmaiengar was the highest bidder for Rs. 3. The Amildar cancelled the sale on the ground that Desikachar had previously offered Rs. 20 for the land, and ordered a resale. At the second sale, which was held on 14th April 1896, Narasimmaiengar's bid for Rs. 51 was the highest. He deposited 25 per cent of the purchase money at once, but failed to pay the balance within the prescribed time. The Deputy Commissioner thereupon cancelled the sale and ordered the land to be put up to auction again. The 3rd sale was held on the 14th of August 1896, and the same Narasimmiengar was the highest bidder for Rs. 131 He however failed to pay the deposit amount forthwith, but nine days afterwards, tendered Rs. 118-4-0 to the Amildar and prayed that the sum of Rs. 12-12-0 which he had deposited at the second sale, and which the shekdar refused to treat as part of his deposit for the 3rd sale, might be credited as the balance. The Amildar refused to comply with this request and ordered a 4th sale, which was held on 18th September 1896, when 2nd respondent Anantaramaiengar's bid of Rs. 200 was the highest. On Narasimmaiengar's appeal against the Amildar's order, the Deputy Commissioner held that his request for crediting the amount deposited by him at the second sale as part of his deposit for the 3rd sale was reasonable and ought to have been granted, and that the said sale having been regularly conducted, there was no reason for a resale. He accordingly confirmed the 3rd sale in favor of Narasimmaiengar and cancelled the 4th sale. Desikachar appeals against the above order and prays that either his bid of Rs. 150 in the last sale be accepted and the land granted to him, or the land be resold.

No. 559-66—PET. 59, DATED BANGALORE, 20TH JULY 1898.

ORDER THEREON.—The shekdar's report dated 16th August 1896, shows that Narasimmaiengar did not pay the deposit forthwith, though required to do so. He said he would go into the village and bring the amount, but failed to put in an appearance for two days. He afterwards contended before the Amildar and the Deputy Commissioner that he had offered at the 3rd sale the deposit amount less the Rs. 12¾ paid as deposit at the 2nd sale. This was clearly an after-thought. As Narasimmaiengar failed to pay the deposit in full forthwith, the 4th sale was properly ordered. There is no reason why that sale should not be upheld. It is accordingly now confirmed. The Deputy Commissioner has omitted to notice the irregularity of the shekdar in failing forthwith to put up the land and sell it when he found that the full deposit amount was not produced at once. The Deputy Commissioner is labouring under a mistake of fact in holding that the bidder at the 3rd sale produced the deposit amount less the sum already deposited by him at the 2nd sale. The present Appellant Desikachar has no *locus standi*, and his appeal is dismissed.

2. Government regret to observe that the proceedings in this case have been characterized by gross delay and utter disregard of the standing orders. There was an interval of more than four years between the presentation of Desikachar's darkhast and the fixing of the assessment on S. No. 424. There was on the part of the shekdar a delay of one year and three months (from 6th April 1891 to 10th July 1892) in submitting a report as to whether or not Subraya had cut down some trees that stood on S. No. 162. The papers were delayed in the Taluk Cutcherry for about 7½ months (from 7th November 1892 to 19th June 1893) before they were sent to the Taluk Measurer for the land being subdivided. Again the Measurer was allowed to take nine months and eight days (from 22nd June 1893 to 30th March 1894) to subdivide the land and submit his report. The Amildar, Y. Narasimhaiya, does not appear to have submitted the detailed report called for in the Deputy Commissioner's Order No. 1019, dated 29th April 1894. In his report dated 24th September 1894, relating to another darkhast case, the said Amildar, ignoring the requisition for a further report in this case, included the land in question and sent the akarband for necessary correction. The dilatory proceedings of the officers already referred to caused to Government the loss of the assessment on the land for four years.

3. The claim of shanbhog Subraya, which was put forward ten years after the introduction of the Survey Settlement, ought to have been summarily rejected under Section 118 of the Land Revenue Code, and the land disposed of under the darkhast rules as soon as it was assessed by the Survey Department. Instead of doing so, the Amildar held an enquiry into a case outside his jurisdiction for nearly a year and submitted the records to the Deputy Commissioner, recommending the grant of the land to Subraya. This is a gross irregularity and ought to have been severely noticed by the Deputy Commissioner.

4. The 2nd sale of the land was held on 14th April 1896, and the purchaser failed to pay the balance of purchase money within 15 days. Instead of ordering a resale at once in accordance with the provisions of the Land Revenue Rules, Amildar Mahomed Ali Khan submitted the papers about a month after the sale, to the Deputy Commissioner for confirmation of the sale.

5. The Government trust that the Deputy Commissioner will take due notice of the conduct of the officials concerned and will take proper steps to prevent a recurrence of such irregularities in future.

S. 59 of 1897-98 presented by Kempaiya and Kencha by their guardian Eragauda of Suleri, Channapatna taluk, against the decision of the Deputy Commissioner, Bangalore District, in Revenue Appeal No. 3 of 1897-98 reversing the decision of the Sub-Division Officer, Closepet, in Revenue O. S. No. 4* of 1894-95 decreeing the plaintiffs' right to the pateli office of the above village.

1 Kempaiya 2 Kencha; by guardian Eregauda.	Minors. vs.	1 Kempegauda 2 Ira.

2. The records received with letter, dated 16th April 1898, No. 1366 from the Deputy Commissioner, Bangalore District, from which the facts appear to be as follows :—

The 1st defendant Kempegauda was the Patel of Suleri village till 1874 when he was dismissed by Assistant Commissioner Captain Ludlow for denial of a report, which bore his signature, in connection with a criminal case. This order having been confirmed by the Deputy Commissioner in 1876, the 1st defendant's adopted son Ira (2nd defendant) then 3 years old, was registered as barrawardar and one Putteganda was appointed to discharge the duties as gumasta. The 2nd defendant has been performing the duties ever since he become a major and for the last 18 months.

2. The plaintiffs were born to the 1st defendant subsequent to the adoption of 2nd defendant Era, and in 1892 the 1st defendant attempted to have one of them registered as patel in place of Era, as the latter had deserted him. But on 6th March 1894 the Sub-Division Officer directed that the order of 1876 should remain in force until set aside either by Government or in a regular suit. In July 1894, the plaintiffs, by their guardian Eraganda, brought a regular suit for the recovery of the office from the defendants. Plaintiffs and 1st defendant denied the adoption of the 2nd defendant though 1st defendant himself had admitted it on former occasions. The Sub-Division Officer Mr. Ramachandra Row, who tried the suit, held that the adoption was not proved and decreed in favor of the plaintiffs. On appeal the Deputy Commissioner held that the 1st defendant had admitted the adoption several times before different officers and that therefore he could not disbelieve the adoption. He therefore reversed the Sub-Division Officers's decision. The plaintiffs have appealed to Government against this order.

No. 568—P. F. 4-98, DATED BANGALORE, 20TH JULY 1898.

ORDER THEREON.—The 2nd defendant is the person whose name has been entered in the register from the time of his adoptive father's dismissal. He has been officiating for the past 18 months. The arrangement sanctioned by the Deputy Commissioner on his father Kempegauda's application should continue during the latter's life-time and after his death the hak will revert to the plaintiffs. In the meanwhile the plaintiffs' names will be entered as hakdars jointly with their father. The 2nd defendant will simply officiate and receive emoluments.

PUBLIC WORKS.

Proceedings of the Government of Mysore

READ —

The following Note by the Chief Engineer, dated 1st June 1898, submitting the Preliminary issue of the D. P. W. Budget for the year 1898-99 :—

I beg to submit for sanction the Public Works Budget Estimates for the year 1898-99, aggregating Rs. 34,72,758 against the final grant of Rs. 38,00,089 of the previous year. The following are the sources from which the outlay will be met :—

		Rs.
Provincial Fund	Ordinary Grant	18,00,000
	Special Grant	10,00,000
District Funds		3,86,758
Irrigation Cess Fund		2,36,000
Palace Fund		50,000
	Total	34,72,758

PROVINCIAL FUND.

2. The grant under this head has been fixed at 28 lakhs, *viz.*, Rs. 10,00,000 for extraordinary works, and Rs. 18,00,000 for ordinary works or 3 lakhs in excess of the normal grant fixed in Dewan's Forecast Programme of 28th June 1894. This extra grant is found to be absolutely necessary, in order to provide for the large number of incomplete works of the previous year, which were mostly sanctioned from the additional grant of 4 lakhs given for that year—*vide* Government Proceedings (P. W.) No. 294-314-1815-35 of 28th March 1898; also for a few urgent fresh works, projects for which are either under disposal or under preparation. Owing to the late sanction of the projects, it is feared that a large proportion of the additional grant will not be worked out during 1897-98. It is therefore hoped Government will allow the extra 3 lakhs asked for 1898-99.

The following is the distribution of the Provincial grant under main heads; pages 2 and 3 show the distribution by service heads.

	Ordinary Grant Rs.	Special Grant Rs.
Original works	9,96,000	7,95,000
Repairs	4,35,000	.....
Establishment	3,50,050	1,94,473
Tools and plant	18,950	10,527
Total ...	18,00,000	10,00,000

ORDINARY GRANT.

Original Works.

3. Under *Military*, the provision of Rs. 49,000 made is required chiefly for the reconstruction of the Barr lines at Kolar and Bangalore. A project of Rs. 73,325 was sanctioned in February last for the lines at the former place; and a project of Rs. 77,474 for reconstructing 192 huts at the latter place, is pending sanction before Government. These works will be carried out gradually as funds admit from each year's grant. A sum of Rs. 8,000 has also been provided for the extension of the Military stores at Bangalore, at the instance of the Military Department, and the project for the work is also pending orders before Government.

Under *Civil Buildings*, a grant of Rs. 2,95,000 has been assigned, which is Rs. 5,000 less than that allotted for the previous official year. Of this sum, Rs. 1,17,000 are required for the 27 incomplete major works of 1897-98, Rs 51,000 for 25 new works proposed to be undertaken, and the balance Rs. 60,000 for minor works including Rs. 10,000 and Rs. 2,000 respectively reserved for small

Police and Medical buildings exclusive of those separately provided for under major works. The more important works under this head are the following :—

		Estimate. Rs.
(1)	Constructing Students' Home to the Central College at Bangalore ...	62,909
(2)	Constructing New High School at Tumkur	20,270
(3)	Improving and extending the District Office at Chitaldrug	36,504
(4)	Constructing New Taluk Cutcherry at Davangere	13,000
(5)	Constructing Students' Home for the Maharaja's College at Mysore ...	49,443
(6)	Constructing New Taluk Cutcherry at Gundlupet	13,000
(7)	Constructing accommodation for European and Eurasian in-patients at Mysore...	14,000
(8)	Constructing New Taluk Cutcherry at Koppa	22,000
(9)	Constructing New Taluk Cutcherry at Balehonnur	25,000
(10)	Extending District Office at Chikmagalur	19,118
(11)	Constructing Officials' Quarters at Koppa	30,000
(12)	Constructing Officials' Quarters at Balehonnur	30,000

Communications.—A sum of Rs. 1,13,000 has been allotted under this head, of which more than one-half has been absorbed by 20 incomplete major works of the previous year, as will be seen from the detailed budget. Only 6 new works are provided for, of which the most important ones are (1) improving Nanjangud-Hassanurghat road from Atticulpar to Punjur, and (2) constructing an upper storey to the Travellers' Bungalow at Gundlupet. Alternative projects for the latter work are pending disposal before Government. For minor works under this head, a sum of Rs. 25,000 has been provided. Some works brought forward by Superintending Engineers in their Draft Budgets, such as constructing additional Inspection Lodges, Travellers' Bungalows and Musafirkhanas at certain places, have been omitted for want of funds.

Under *Miscellaneous Public Improvements*, an allotment of Rs. 22,000 has been made for 3 incomplete major works and 2 new works, including the sum of Rs. 5,000 set apart for minor works.

Under *Irrigation*, a sum of Rs. 5,17,000 has been allotted or Rs. 61,000 less than the final grant for 1897-98. One hundred and twenty-five major works have been provided for, of which 101 are incomplete works of the previous year, and 24 fresh works, for which projects are either under disposal or under preparation. A sum of Rs. 81,000 has been reserved for minor works, both incomplete works of the previous year and fresh works to be sanctioned during 1898-99. About 130 new works brought forward by Executive Engineers have been omitted for want of funds.

Owing to the paucity of funds, under "Irrigation Cess" (*vide* para 7 of this Note), all incomplete original major works sanctioned under that head, which were in progress during the previous year, have been transferred to Provincial Irrigation.

Repairs.

4. The total grant under this head has been fixed at Rs. 4,35,000 or Rs. 5,000 more than that of the previous year; and its distribution is as noted below :—

	Rs.
Military	5,000
Civil Buildings	75,000
Communications	3,50,000
Miscellaneous Public Improvements	5,000
Total ...	4,35,000

The above grants are the same as those of the previous year except that under "Communications" which has been increased by Rs. 5,000, *i. e.*, from Rs. 3,45,000 to Rs. 3,50,000. Of this amount, Rs. 2,94,395 will be required for the annual maintenance of 1,782$\frac{1}{8}$ miles of Provincial main and branch roads detailed in budget pages 56 to 59, and the balance Rs. 55,605 for renovation of

Shimoga Division—
Bangalore-Honnawar Road from Rs. 140 to Rs. 175 per mile. Shimoga-Mangalore Road from Rs. 140 to Rs. 150 per mile, for 50 miles.

selected miles, also for the maintenance of first and second class Travellers' Bungalows and Inspection Lodges all over the State. The mileage allotments for the marginally noted roads have been increased, the existing allotments having proved insufficient for the efficient maintenance of these roads on account of increasing heavy traffic. Two miles of the Mulbagal Railway feeder ($\frac{4}{5} - \frac{3}{7}$), which lie between the Gold Fields main road and the loop line, have been transferred from District Funds to Provincial for efficient maintenance.

Kadur Division—
Kadur-Mangalore Road from Rs. 200 to Rs. 250 per mile for the bit (18 miles) from Mudgere to the frontier.
Tarikere-Mangalore Road from Rs. 150 to Rs. 200 per mile.

SPECIAL GRANT.

5. Of the special grant of 10 lakhs for extraordinary works, Rs. 2,05,000 have been set aside for establishment and tools and plant, and the balance Rs. 7,95,000 has been distributed as noted below:—

	Rs.
Military...	1,87,000
Civil Buildings	2,50,000
Communications	72,000
Miscellaneous Public Improvements	50,000
Irrigation	2,36,000
Total ...	7,95,000

Under *Military*, the entire grant of Rs. 1,87,000 has been allotted for the construction of the Imperial Service Lines at Bangalore, which work is progressing vigorously and will be completed during the year under reference. Under *Civil Buildings*, four works have been provided for, of which three are in progress, *viz.*, the Victoria Hospital, the Mysore Palace, and the Special Reserve Police Lines at Mysore. The allotments provided for the first two works, *viz.*, Rs. 1,00,000 and Rs. 1,20,000 respectively, may probably prove insufficient, in which case special application will be made for the additional funds required. The project for the Mysore Palace is still under preparation by Mr. H. Irwin, C. I. E., Architect, while that for the improvements of the Maharani Hospital at Mysore has been sent to the Senior Surgeon for approval, before submission to Government for sanction. Under *Communications*, in addition to the four incomplete major works of the previous year, the marginally noted new works have been provided for, with small allotments for each. Projects for Nos. 1, 3, 4 and 6 are under preparation, while those for 2 and 5 are pending orders of Government. The cost of the bridges now under construction at Holé-Narsipur and Tadasa has been sanctioned to be met from Local Funds General; and should it be decided that the cost of the other bridges provided for in this budget should also be met from that source, the allotments provided for them can be easily re-appropriated to other works. The project of Rs. 72,154 for opening out a new road at the Kolar Gold Fields is also pending disposal before Government. The provision of Rs. 50,000 under *Miscellaneous Public Improvements*, is required for the completion of the Chamarajendra Water Works for the supply of the Bangalore City from Hessarghatta.

1. Bridging the Arkavati River at Kankanhalli on Bangalore-Mysore Road *via* Kankanhalli.
2. Constructing a new road with cross cuts at the Kolar Gold Fields.
3. Constructing a bridge across the Lokapavani on French Rocks Station Nelligere Road.
4. Extending Talguppa-Aralgode Road towards Bandkoli Saddle.
5. Bridging the Bhadra River at Magundi on Balehonnur-Bhuud Ghat Road.
6. Bridging the Hemavati River at Anjur on Anemahal-Mudgere Road.

Under *Irrigation*, 16 works have been provided for, of which 6 are incomplete ones of the previous year, and the rest fresh works, projects for which are under investigation. Those for Alahalli new tank in Bangalore Division, and Karikere new tank in Chitaldrug Division, have already been submitted to Government.

No provision has been made in this budget for the construction of the Marikanave Dam, pending the verdict of the Special Committee appointed by Government on the stability of the foundations.

DISTRICT FUNDS.

6. The grants as sanctioned for the several districts by Government in the General Department from District Funds for works to be carried out by the

P. W. Department, have been entered in this budget; they aggregate Rs. 3,86,758 against the final grant of Rs. 4,43,089 of the previous year. The distribution of this amount by service heads and divisions is given in Abstract pages 8 and 9.

IRRIGATION CESS FUND.

7. The total assets under "Irrigation Cess Proper" available for expenditure during 1898-99, are estimated at Rs 2,36,804 as intimated by the Comptroller of Mysore. The grant under this budget has therefore been fixed at Rs. 2,36,000 against the grant of Rs. 3,30,000 for 1897-98 and of Rs. 4,00,000 each during the two previous years. Under the sanctioned arrangement, this fund has to bear the cost of (1) restoration of irrigation works to secure present revenue, (2) repairs of masonry works of such tanks as have been brought up to standard by ryots, (3 annual maintenance of 951¾ miles of river channels in Mysore and Hassan Districts, and (4) establishment charges at 17½ per cent on grant for works, in addition to cost of Tank Inspectors employed in connection with the minor tanks restoration scheme.

Deducting the usual establishment charges from the proposed grant of Rs. 2,36,000 fixed for 1898-99, the amount available for works is only Rs. 1,82,500 which is quite inadequate to meet requirements of incomplete works which were previously sanctioned under Original, as well as those falling under Repairs: Therefore all works of the former class have been transferred to Provincial Irrigation, to allow of their completion; the entire grant under this fund will thus be available for "Repair Works."

PALACE FUND.

8. Under this head, a grant of Rs. 50,000 has been provided, of which Rs. 32,000 will be required for "additions and improvements to the Fern Hill Palace at Ooty" (for which a project is under preparation by Mr. R. T. Scaldwell, Superintending Engineer), Rs. 8,000 for the New Cottage Hospital in the Palace compound at Bangalore, and the balance for minor works and repairs connected with the above buildings.

ESTABLISHMENT.

9. The total charges under this head aggregate Rs. 6,63,000. Deducting Rs. 7,650 being 5 per cent of "Direction and Accounts" chargeable to the Sanitary Works Budget, the net amount debitable to "Public Works Proper" is Rs. 6,55,350 against Rs. 6,65,500 for 1897-98. The decrease is chiefly due to the debit made to this budget during 1897-98 on account of proportionate establishment charges of the Sanitary Engineer and his staff for carrying out the Mysore Water Supply Works which were provided in the General Budget and which will be completed during that year.

The establishment charges are 18·8 per cent on the total grant of Rs. 34,72,758 or 23·5 per cent on grant for works alone; and their distribution to the several budgets is as noted below:—

	Rs.	Percentage to works.
Provincial Fund	5,44,523	24·4
District Funds	57,327	17·1
Irrigation Cess Fund	53,500	29·3

TOOLS AND PLANT.

10. The total amount provided under this head is Rs. 31,312, *viz.* Rs. 29,477 under Provincial Fund and Rs. 1,835 under District Funds, against the final grant of Rs. 26,130 for 1897-98. The Provincial grant is Rs. 6,319 more than the grant for the previous year This additional sum is required to cover the Special Estimate of Rs. 7,000 submitted to Government for purchasing Drawing and Surveying Instruments to replenish the "Reserve Stores".

No. 712-34—4109-31, DATED BANGALORE, 23RD JULY 1898.

ORDER THEREON.—The Budget submitted by the Chief Engineer provides for an expenditure of Rs. 34,72,758 from the Funds specified below :—

	Special Grant ...	10,00,000

3. District Fund		...	3,86,758
4. Palace Fund		...	50,000
		Total	34,72,758

2. The Chief Engineer will be requested to include in the Budget the grants from Local Funds General, and to exhibit separately the works undertaken from this Fund in the same way as works from other Funds.

No. 219,	Lokapavani Bridge	5,000
No. 225,	Magundi Bridge	15,000
No. 226,	Anjur Bridge	5,000

4. Thus the total grant for 1898-99 from Local Funds General for works to be executed by the Public Works Department, amounts to Rs. 1,00,000.

5. A sum of Rs. 32,000 is entered under "Palace Fund" for No. 275 "Additions and improvements to the Fern Hill Palace, Ootacamund." This work should be transferred to Provincial Fund, Extraordinary, with an allotment of Rs. 30,000. The Comptroller will be instructed to debit the part expenditure on this work to the Provincial Fund.

6. The transfer of Original Irrigation Works from the Irrigation Cess Fund to Provincial Fund is approved, under the circumstances reported by the Chief Engineer.

7. Since the submission of the Preliminary Budget, the project for the construction of a dam across the Vedavati at Marikanave has been sanctioned, and in compliance with the Chief Engineer's application dated 14th July 1898, a sum of 3 lakhs of rupees under "Provincial Fund, Special Grant," is sanctioned for this work in the current year. The Government will be prepared to allot the additional funds required for the work on receiving from the Chief Engineer, the regular estimate for it together with a programme of the probable expenditure during the current and future years.

8. With the foregoing remarks the Government are pleased to sanction the Preliminary Issue of the D. P. W. Budget for Rs. 38,40,758 as per following details:—

		Rs.	Rs.
Provincial Fund	Ordinary Grant	18,00,000	31,00,000
